Lauren can still recall the horrific experiences she went through with girls. She grew up well aware of the fact that females can be outright cruel to each other and the fact that society has done nothing to bring attention to the severity of this issue. If anything, society has glamorized, mocked and accepted the "mean girl" phenomenon. Watch as Lauren and her best friend Molly uncover what is really going on in the "Girl World" in their trip across the country, while finding kindness along the way.
