

The login page for Outlook Web App (<http://mail.odu.edu>) is about to change a little. We are changing the color scheme & adding an ODU logo.

Here is what the new login will look like:

The screenshot shows a login page with a light blue gradient background. At the top center is the Old Dominion University logo, featuring a crown above the text "OLD DOMINION UNIVERSITY" and "I D E A F U S I O N" below it. Below the logo, the text "Microsoft® Outlook Web App" is displayed. Underneath, there is a "Security" section with a link "( show explanation )". There are three radio button options: "This is a public or shared computer" (selected), "This is a private computer", and "Use the light version of Outlook Web App" (checkbox). Below these are two yellow input fields for "User name:" and "Password:". To the right of the password field is an orange "Sign in" button. At the bottom, it says "Connected to Microsoft Exchange" and "© 2010 Microsoft Corporation. All rights reserved."

The settings available remain the same.

- This is a public or shared computer: this logs you out after 15 minutes.
- This is a private computer: this logs you out after 8 hours.
- Use the light version of Outlook Web App: this disables the full client and logs the user into the light version. Not recommended for most users.
