

Presented by Dr. Gwendolyn Lee-Thomas

# Intergenerational COMMUNICATION

**FEBURARY 5, 2013**

**3:00-4:00PM**

**PRESIDENT'S DINNING ROOM  
WEBB CENTER**

ODU has a diverse population and part of that diversity includes students from various age groups or generations. Although common, intergenerational communication carries a strong potential for miscommunication and unsatisfying interpersonal interactions. This occurs not only because people from different age cohorts vary in their life experiences, but also because people at different points in the life-span vary in their communication goals, needs, and expectations. Join us for a discussion on how to better communicate with your classmates from different generations.

**Co-Sponsored by:**

The Women's Center and Delta Sigma Lambda
