Scholarship in the Digital Age: ODU and Media Commons

Friday

February 22, 2013

3:00 PM - 5:00 PM

Batten Arts & Letters 9024

Dr. Avi Santo and PhD Student Jamie Henthorn will discuss future directions for born-digital scholarship and the work currently done at ODU by the MediaCommons Front Page collective of graduate students.

Created in 2006 as an experiment in born-digital publishing in the humanities, MediaCommons (<http://mediacommons.futureofthebook.org>) has built a national and international reputation as an innovative scholarly hub for new forms of scholarship and new processes for producing and vetting digital works. MediaCommons is a community network for scholars, students, and practitioners interested in media studies and the digital humanities, promoting exploration of new forms of publishing within the field.

Dr. Santo is the Co-Creator of MediaCommons. Ms. Henthorn is the project's Front Page Coordinating Editor.
