

FINANCIAL AID ANNOUNCEMENT

Financial Aid packaging is now being processed for students who have filed a Free Application for Federal Student Aid (FAFSA) for the 2013-14 academic year.

To ensure an equitable and effective awarding process to all applicants an earlier packaging process for the University grant and LEAP aid funds will be included as part of the initial financial aid awards.

With earlier notifications of these funds, students will be aware of the total amount available for financial aid resources.

It is important for students, faculty and staff to know that institutional funds will not be available later in the summer or fall as funds will have been already distributed.

Please help us share this information as you work with students and parents to ensure a thorough understanding of the new award process.
