Fundraising with Raising Cane's®

We can help your group raise money through a fundraising event held at **Raising Cane's Chicken Fingers®**. It's very simple, all you have to do is place your order and inform our cashier of the name of your organization on a pre-determined day. Then we will donate **15% of net sales** during that specified time back to your organization.

Here's how it works:

1. Contact your nearest Raising Cane's and speak with the Manager on Duty.
2. Work closely with the Manager of the restaurant to determine which day and time works best for the fundraiser. Advance notice of at least 4 weeks is preferred.
3. Once all the details are finalized, we provide you creative files to produce and begin informing your supporters about the upcoming fundraiser.
4. On the day of your fundraiser, make sure everyone who comes to eat at Raising Cane's during the specified time **says they are there to support the name of your organization**.
5. Within three to four weeks, you will receive a check totaling 15% of net sales for everyone who said they were there to support your organization.

Who qualifies for our fundraising events?

Any organization with good intentions for raising money can qualify. These organizations may include, but not limited to: charities, faith-based organizations, schools and school groups, sports teams, scouting groups, first responders, community groups, civic organizations and more. Raising Cane's does not support organizations that are directly affiliated with political entities or parties.

Raising Cane's Chicken Fingers reserves the right, in its sole and absolute discretion, to deny any request for a fundraising event for any reason. Prior to the event we will ask that you provide us with certain information regarding your organization for our tax records.
