

The Old Dominion University Speech and Hearing Clinic includes the Tidewater Scottish Rite Center for Childhood Speech and Language Disorders and is affiliated with Lions District 24-D, Tidewater Scottish Rite Speech and Language Foundation and Sertoma International, and is sponsored by the Norfolk Sertoma Club.

This is a fantastic program and I highly recommend it.

Speech and Hearing Clinic

The Old Dominion University Speech and Hearing Clinic provides diagnostic and therapy services for adults and children with speech, language, and hearing disorders. The ODU Speech and Hearing Clinic is part of the Communication Sciences & Disorders graduate degree program which is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA). We maintain high standards in the provision of comprehensive assessment and intervention services. Services are provided by students in the graduate program under direct supervision of speech-pathology and audiology faculty certified by the American Speech-Language-Hearing Association (ASHA) and licensed by the Commonwealth of Virginia.

Therapy sessions are recorded regularly for educational and training purposes. Those clients who choose to enroll for speech-language therapy must give written permission for sessions to be video recorded.

Services Provided

- The following is a list of services we provide in the following areas:

Speech and Language Services

- Articulation
- Aural Habilitation and Rehabilitation
- Accent Modification
- Language, including pragmatics
- Aphasia
- Voice
- Fluency/Stuttering
- Phonological Disorders
- Language-based reading deficits

Hearing Services

- Audiological evaluations for children and adults
- Aural rehabilitation services

Interested individuals should contact the clinic to apply.

Clinic Fees

There is a modest fee for diagnostic and therapy services. Fees for diagnostic services are accepted at the time of service. Payment plans for therapy services are determined at the initial session. Financial assistance may be available through the generous support of Tidewater Scottish Rite Speech and Language Foundation and Norfolk Sertoma Club. We do not accept third party (insurance) payments for services.

Aphasia Group Therapy

Individuals with aphasia and other neurologically based communication disabilities meet weekly for communication therapy group.

Participants take part in communication activities and work with student clinicians to improve use of strategies to enhance communication.

“I have nothing but positive things to say about the quality and professionalism of the speech therapy service you provided. Thank you for helping our daughter so much!”
