Women's History Month 2014

Featuring

"Mattaponi Queen"

By Belle Boggs

Belle Boggs' remarkably true stories are set on and around the Mattaponi Indian Reservation in Virginia, and delve into the stark reality and roots of diverse characters. *"Mattaponi Queen"* is Belle Boggs' debut publication and has been awarded the 2009 Bread Loaf Writers Conference Bakeless Prize.

"The Mattaponi River is the confluence of three rivers and is also the stunning metaphor for a place where three races have lived inextricable histories for generations. Indeed, the stories in Mattaponi Queen gather like converging waters until the narrative world is coursing and undeniable."

Michelle Latiolais,
author of *Even Now* and *A Proper Knowledge*
