Speech and Hearing Clinic

The Old Dominion University Speech and Hearing Clinic provides diagnostic and therapy services for adults and children with speech, language, and hearing disorders. The ODU Speech and Hearing Clinic is part of the Communication Sciences & Disorders graduate degree program which is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA). The clinic staff maintains high standards in the provision of comprehensive assessment and intervention services. Services are provided by students in the graduate program under direct supervision of speech-pathology and audiology faculty certified by the American Speech-Language-Hearing-Association (ASHA) and licensed by the Commonwealth of Virginia.

Referrals are accepted from physicians, educators, counselors, and other professionals. Self referrals are also accepted.

Services Provided

The following is a list of services the clinic provides:

Speech and Language Services

- Articulation
- Aural Habilitation and Rehabilitation
- Accent Modification
- Language, including pragmatics
- Aphasia Voice
- Fluency/Stuttering
- Phonological Disorders
- Language-based reading deficits

Hearing Services

- Audiological evaluations for children and adults
- Aural rehabilitation services

For additional information call 757.683.4117

Clinic Fees

There is a modest fee for diagnostic and therapy services. Fees for diagnostic services are accepted at the time of service. Payment plans for therapy services are determined at the initial session. Financial assistance may be available through the generous support of Tidewater Scottish Rite Speech and Language Foundation and Norfolk Sertoma Club. We do not accept third party (insurance) payments for services.

Aphasia Group

Individuals with aphasia and other neurologically based communication disabilities meet weekly for a communication therapy group.

Participants take part in communication activities and work with student clinicians to improve use of strategies to enhance communication.

I have nothing but positive things to say about the quality and professionalism of the speech therapy service you provided. Thank you for helping our daughter so much!
