

The Role of Faculty in Student Success

President Obama challenged American higher education to produce 8 million more college graduates by 2020. ODU's student success efforts have responded to this challenge with improved retention and graduation rates. Our faculty have played a critical role in this achievement, educating a diverse population entering college with a wide range of challenges and academic needs.

We invite you to join us as our panelists present their insights on ODU students, opportunities in the classroom, and the role of faculty in supporting student success.

Forum Panelists:

Bridget L. Anderson *Associate Professor, Applied Linguistics*

Nina W. Brown *Professor & Eminent Scholar, Counseling & Human Services*

David J. Burdige *Professor & Eminent Scholar, Ocean, Earth & Atmospheric Science*
