

The Future of Online Education

"Once a new technology rolls over you, if you're not part of the steamroller, you're part of the road." - Stewart Brand.

Old Dominion University has been a leader in providing education using various distance learning formats. With the shift to online learning across the world, how is ODU poised for the future of online education? How have faculty shaped this future? What role do faculty have in the future of online learning at ODU? Join the discussion in person or online (sign-in with MIDAS ID and password).
