

Interprofessional Education (IPE) Day 2016

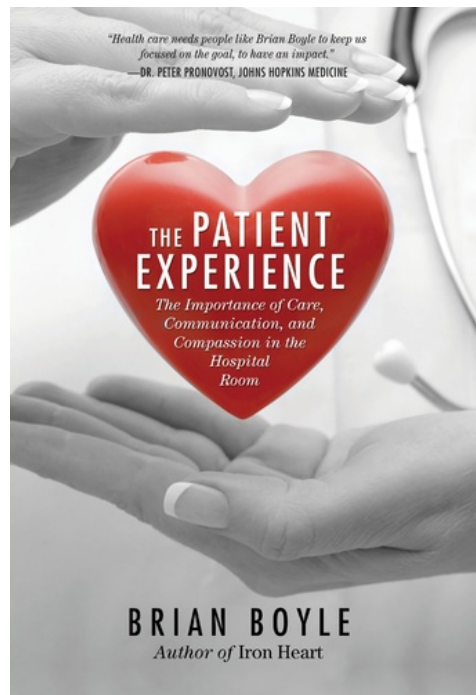

Culture of Safety

We will hear Brian Boyle tell his incredible story of triumph after a serious car accident.

He will illuminate his experience; that of a patient in a complex and fast paced health care system in need of effective and compassionate interprofessional teams.

Following his keynote; faculty and students will engage in interprofessional small group work with a focus on health professions' roles and responsibilities as well as teamwork.

Learning will be grounded in a safety and quality framework.

When: April 6, 2016, 1 pm to 4:30 pm

Where: Ted Constant Convocation Center, Big Blue Room

Please RSVP to tsmith@odu.edu by March 28, 2016

This event is made possible through a COHS, ODU School of Nursing, and CHKD collaboration
