

PRESIDENT'S LECTURE SERIES

Co-presented with The Norfolk Forum

JOIN US FOR AN INFORMATIVE AND COMPELLING EVENING
WITH ARTIFICIAL INTELLIGENCE EXPERT

AMY WEBB

QUANTITATIVE FUTURIST & BESTSELLING AUTHOR

- Amy Webb will be discussing her latest book, *The Big Nine: How The Tech Titans and Their Thinking Machines Could Warp Humanity*, which is a call-to-arms about the broken nature of artificial intelligence, and the powerful corporations that are turning the human-machine relationship on its head. Learn how companies like Amazon, Google, Apple, IBM, Microsoft and Facebook are using your data to to build the future of artificial intelligence.
- As the Founder of the Future Today Institute, Webb researches the collisions between technology, society, and business.
- Webb writes extensively about emerging technology, digital media and the impacts and opportunities they present.
- Webb's Ted Talk, "How I Hacked Online Dating," has been viewed over 7 million times.

Tuesday February 4, 2020, 7:30PM at Chartway Arena
