

# 2023-2024 Virginia Space Grant Consortium STEM Bridge Scholarship Program

The Virginia Space Grant Consortium (VSGC) is a coalition of five Virginia colleges and universities, NASA, state educational agencies and other institutions representing diverse STEM education and research. VSGC offers a wide range of student opportunities including fellowships, scholarships, internships, research experiences, and student flight projects.

## Scholarships

Virginia Space Grant Consortium (VSGC) provides STEM (Science, Technology, Engineering, and Mathematics) Bridge Scholarships of \$1,000 to students who will be sophomores during the 2023-2024 academic year.

Students from any federally recognized minority group in STEM and enrolled full-time in a program of STEM at one of the five Virginia Space Grant member universities are strongly encouraged to apply.

The scholarship program introduces students to the STEM scholarship pipeline as well as NASA and VSGC internships. Students make connections to current VSGC scholars, fellows, faculty and research related to NASA's mission.

## Eligibility

- U.S. citizen
- Enrolled as a full-time undergraduate student (minimum 12 credit hours) at one of the 5 Virginia Space Grant Consortium member institutions.
- Must have completed the first-course of their STEM major and have at least 2 years of study remaining.
- Grade point average of at least 3.0
- Must be a STEM major and demonstrate an interest in STEM and in supporting NASA's mission.

\* Allied Health Science, Psychology (except human factors), and Business majors are not eligible for this scholarship

## Deadline

# March 10, 2023

## How to apply
