2013 Information Security Awareness Video and Poster Contest

4   2

What's It All About?

The EDUCAUSE and Internet2 Higher Education Information Security Council (HEISC), the National Cyber Security Alliance (NCSA) and CyberWatch are seeking creative and educational videos and posters created by students to be part of an **international campaign to increase information security awareness** at colleges and universities.

Why Participate?

If your video or poster is selected you'll **get exposure** for your work on the EDUCAUSE security website (educause.edu/security), from media announcements, and as part of campus security awareness campaigns around the world. And that's not all — **winners will receive cash prizes**!

Ways You Can Participate:

Submissions should address information security issues and suggest effective ways of handling them.

- Training or instructional video
  [*2 minutes or less*]
- Public Service Announcement (PSA)
  [*30 seconds or less*]
- Poster
