

MBA Program Curriculum Plans

- Students admitted with a non-business undergraduate degree must successfully complete 5 credit hours of pre-core coursework in their first semester in preparation for the core. In the following semester, they may start the core curriculum.
- Students will select a minimum of four (4) credit hours of electives at convenient times during the course of their program of study to complete the program requirements. Suggested time slots noted on the plan below.
- All core courses are 2 credits unless otherwise noted.
