Abstract:

Natural hazards caused by the alteration of weather patterns expose populations to risk situations, with an outcome of economic loss, property damage, personal injury, and loss of life. The unpredictability of disasters has led the problem to be one of the major topics for most governments, particularly with disaster policies that need more attention in the mitigation phase. The effect of flooding, for instance, which primarily impacts housing in coastal areas, is one of the most serious issues associated with a natural hazard. It has a variety of causes and implications, especially for vulnerable populations who are exposed to it. Disaster recovery is complex, involving the need for effective coordination of planning, policies, resources, and labor. What leads to a delay in post-disaster recovery? What are the best strategies for minimizing that delay? This is the first study to attempt to answer those questions using data collection from Long-Term Recovery Group (LTRG) members. The analysis of LTRG member experiences provides a valuable perspective with the potential to speed the recovery process and mitigate disaster recovery impact. This dissertation follows a disaster policies approach, eliciting information from LTRG members in declared disaster areas by FEMA to evaluate and develop strategies to speed the recovery process.

At each succeeding transition point, the form is updated, and a copy sent to the University Registrar and noted on the student file. The last transition point is the successful completion of the Thesis Defense. At that time, the thesis committee chair signs the form indicating successful completion of the thesis, and the form is also signed by the Committee members.

### M3 - Master’s Thesis and Acceptance Processing

Form M3 committee chair signs the form indicating successful completion of the thesis, and the form is also signed by the Committee members. Form M3 confirms that the student has submitted the thesis document in its final form approved by the thesis committee. This form must be approved by the Thesis Chair before it goes to the Graduate Program Director. After the Dean’s office approves the final thesis and signs Form M3, the student submits the thesis electronically and Form M3 is sent to the University Registrar, with copies to approved by the GPD.

### M4 - Notification of a Master’s Student Holding an Assistantship in the Final Semester of Study

Form M4 is used to show that the student in his/her last semester of enrollment for the Master’s Degree, holds a graduate assistantship, and is currently pending for graduation. The student meets the eligibility requirements and is approved to register for less than nine graduate credit hours. The M4 form is signed by the faculty advisor and the Graduate Program Director.

### PhD Forms (D)

### D1 – Appointment or change of Doctoral Candidacy Examination Committee

### D2 – Appointment of Doctoral Dissertation Committee

Form D2 establishes the committee that will guide a student through the dissertation proposal and defense. The dissertation committee must be established prior to the oral defense of the proposal. This form is completed by the student and signed by each member of the committee. It is then signed by the GPD, the Department Chair, and the Dean. The Dean’s office has the responsibility to return the original to the GPD, along with electronic copies sent to the Dissertation Chair and the student. A new form D2 must be filed if any member of the committee changes.

### D3 – Result of Doctoral Examination or Requirement

Form D3 is used to document the transition points as the student progresses toward the degree. Form D4 confirms the student understands as a doctoral candidate they must register for at least one credit each semester up to and including the semester in which they graduate. The word “full-time” in the sentence “This confirms that the student above has advanced to Doctoral Candidacy Status and is working full-time to complete the dissertation” reflects the fact only one dissertation credit per semester is required to be considered a full-time student once all other requirements have been completed. This form must be completed each semester if the student is receiving financial aid.

The granting of a leave of absence may not exceed one year and may not be repeated. The granting of a leave of absence does not change the candidate’s responsibility for meeting the deadline for the completion of degree requirements. Leave will be granted only under exceptional circumstances.

### D9 – Advancement to Candidacy

The D9 form confirms the student has successfully completed the all the requirements and meets the criteria for advancement to candidacy. This form should be signed by the student, the dissertation Chair, and the Graduate Program Director.
