I realize that many of you are far afield but if you are near please consider joining us.

Please RSVP by April 15 to Ivy Robinson, GPIS Program Coordinator, at irobinso@odu.edu

Best Regards,

Dr. Regina Karp, Director

### Graduate Certificate Admissions
In response to challenges in tracking the number of students seeking graduate certificates, ODU has created a new form for degree-seeking students to declare a graduate certificate. Below is more information to share with your degree-seeking students for them to declare a certificate.

### Graduate Certificate Declaration Form Workflow
1. Student completes the form
2. Form is automatically submitted to Graduate Admissions when the student finishes it.
3. Admissions will contact the Certificate Coordinator to seek a review.
4. Certificate Coordinator reviews student information to determine admission into the program (ideally within 1-2 days).
5. Certificate Coordinator sends admission decision to Graduate Admissions.
6. If admitted, the certificate program will then be placed in the drop-down Degree tab in Degree Works for the student’s file.
7. Graduate Admissions notifies student of decision.

Certificate Coordinator follows up with the student about the certificate program.

Form M1 is used to form the committee between the student and his or her advisor or advisory committee. This form should be signed by the student, the faculty advisor, and the Graduate Program Director. If the faculty advisor changes, a new Form M1 should be filed.

Form M2 is used to document the transition points as the student progresses toward the degree. At each succeeding transition point, the form is updated, and a copy is sent to the University Registrar and noted on the student file. The last transition point is the successful completion of the Thesis Defense. At that time, the thesis committee chair signs the form indicating successful completion of the thesis, and the form is also signed by the Committee members.

Form M3 committee chair signs the form indicating successful completion of the thesis, and the form is also signed by the Committee members. Form M3 confirms that the student has submitted the thesis document in its final form approved by the thesis committee. This form must be approved by the Thesis Chair before it goes to the Graduate Program Director. After the Dean’s office approves the final thesis and signs Form M3, the student submits the thesis electronically and Form D5 is sent to the University Registrar, with copies to the GPD.

Form M4 is used to show that the student in his/her last semester of enrollment for the Master’s Degree, holds a graduate assistantship, and is currently pending for graduation. The student meets the eligibility requirements and is approved to register for less than nine graduate credit hours. The M4 form is signed by the faculty advisor and the Graduate Program Director.

Form D1 is used to form the committee between the student and their advisor or advisory committee. This form should be signed by the student, the faculty advisor, and the Graduate Program Director. If the faculty advisor changes, a new Form D1 should be filed.

Form D2 establishes the committee that will guide a student through the dissertation proposal and defense. The dissertation committee must be established prior to the oral defense of the proposal. This form is completed by the student and signed by each member of the committee. It is then signed by the GPD, the Department Chair, and the Dean. The Dean’s office has the responsibility to return the original to the GPD, along with electronic copies sent to the Dissertation Chair and the student. A new form D2 must be filed if any member of the committee changes.

Form D3 is used to document the transition points as the student progresses toward the degree. At each succeeding transition point, the form is updated, and a copy is sent to the University Registrar and noted on the student file. The last transition point is the successful completion of the Dissertation Defense. At that time, the dissertation committee chair signs the form indicating successful completion of the dissertation, and the form is also signed by the Committee members.

Form D4 confirms the student understands as a doctoral candidate they must register for at least one credit each semester up to and including the semester in which they graduate. The word “full-time” in the sentence “This confirms that the student above has advanced to Doctoral Candidacy Status and is working full-time to complete the dissertation” reflects the fact only one dissertation credit per semester is required to be considered a full-time student once all other requirements have been completed. This form must be completed each semester if the student is receiving financial aid.

Form D5 confirms the student has submitted the dissertation document in its final form Program Director. After the Dean’s office approves the final dissertation and signs Form D5, the student submits the dissertation electronically and Form D5 is sent to the University Registrar, with copies to approved by the dissertation committee. This form must be approved by the Dissertation Chair before it goes to the Graduate the GPD.

Form D7 confirms the student has submitted the dissertation document in its final form Program Director. After the Dean’s office approves the final dissertation and signs Form D5, the student submits the dissertation electronically and Form D5 is sent to the University Registrar, with copies to approved by the dissertation committee. This form must be approved by the Dissertation Chair before it goes to the Graduate the GPD.

Students are expected to be enrolled in each Fall, Spring and Summer semesters when students have begun dissertation work. A student who finds it necessary to be excused from registration for a semester must report formally before the beginning of the semester to request by petition a leave of absence. The Ph.D. program committee will review the request and decide whether to approve it. The leave of absence may not exceed one year and may not be repeated. The granting of a leave of absence does not change the candidate’s responsibility for meeting the deadline for the completion of degree requirements. Leave will be granted only under exceptional circumstances.

The D9 form confirms the student has successfully completed the all the requirements and meets the criteria for advancement to candidacy. This form should be signed by the student, the dissertation Chair, and the Graduate Program Director.

Style Editing Help

Please direct all questions to Ms. Rhodes at the email below.

The College of Arts and Letters Style Editors are offering one-on-one Zoom sessions with graduate students preparing a thesis or dissertation and nearing graduation. Students will meet with a style editor who will address the student’s specific concerns and/or review a draft of the thesis or dissertation and provide a list of formatting issues to be addressed. These 30-minute sessions are designed to

- help troubleshoot particular style editing problems;
- provide technical and word processing assistance for formatting tables of contents, appendices, landscape pages, and other common problem areas;
- provide feedback on thesis/dissertation drafts to facilitate the formal style editing process.

To schedule a session visit https://calendly.com/carhodes/style-editing-one-on-one-meeting.

Note: These sessions do not replace the comprehensive style editing workshops offered at the beginning of each semester. Rather, one-on-one Zoom meetings are designed to assist with targeted formatting issues.

Last week the world changed fundamentally.

The Invasion of Ukraine has shattered many notions regarding the International Order.

It has had far-reaching and devastating consequences.

Our community is not untouched by this conflict.

As we try to make sense of the situation as a community, this section will serve as a place to hear real stories from how this crisis is affecting members of the GPIS community and to find information on how to get involved as a positive force for good to help address the humanitarian crisis driven by the worst armed conflict in Europe since 1945.

To help make sense of this conflict, GPIS held a Pop-Up Talk on the Invasion on February 25th. The link to the recorded session is available [here](#).

The thoughts of Mila Demchyk Savage, President of the Americans in Ukraine Foundation, can be found in [the Richmond Times-Dispatch](#).
Ukraine needs support from the international community more than ever now. While the global Ukrainian diaspora is working hard to bring attention of officials to these matters, there are ways for you to help:

1) Read and share verified information about Russia’s attack on Ukraine.
2) Donate! The National Bank of Ukraine has opened a special account to raise funds for the Ukrainian Army ([link available here](https://example.com)). Anyone from any country can donate!
3) Donate to a private organization providing aid to Ukraine, the Americans in Ukraine Foundation is raising money to assist in the midst of the crisis.
4) Contact your government representatives and tell them Ukraine needs their help. They have the power to effect change and give Ukraine the aid it needs.

Or you can reach out directly to me at izchuc001@odu.edu for the most up-to-date fundraisers!
