**RESOLUTION OF THE BOARD OF VISITORS OF  
OLD DOMINION UNIVERSITY  
VIRGINIA COLLEGE BUILDING AUTHORITY FINANCING AUTHORIZATION**

**WHEREAS**, pursuant to and in furtherance of Chapter 12, Title 23.1 of the Code of Virginia of 1950, as amended (the “Act”), the Virginia College Building Authority (the “Authority”) developed a program (the “Program”) to purchase debt instruments issued by public institutions of higher education in the Commonwealth of Virginia (“Participating Institutions” and each a “Participating Institution”) to finance or refinance projects of capital improvement (“Capital Projects” and each a “Capital Project”) included in a bill passed by a majority of each house of the General Assembly of Virginia (the “General Assembly”);

**WHEREAS**, under the Program the Authority from time to time issues its Educational Facilities Revenue Bonds (Public Higher Education Financing Program) (“Pooled Bonds”) to finance the purchase or refunding of debt instruments issued by Participating Institutions to finance or refinance Capital Projects;

**WHEREAS**, if a Participating Institution desires to finance or refinance a Capital Project through the Program it must enter into a loan agreement with the Authority, under which: (i) the Participating Institution will issue its promissory note pursuant to Chapter 1208, Title 23.1 of the Code of Virginia of 1950, as amended, to evidence a loan to it by the Authority; (ii) the Authority will agree to issue Pooled Bonds and use proceeds thereof to purchase the promissory note; (iii) the Participating Institution will agree to use proceeds of Pooled Bonds, loaned to it and received in exchange for its promissory note, to finance or refinance the Capital Project and to not take actions that may jeopardize any federal tax-exempt status of interest on Pooled Bonds allocable to financing or refinancing the Capital Project; and (iv) the Participating Institution will agree to make payments under the promissory note in sums sufficient to pay, together with certain administrative and arbitrage rebate payments, the principal of, premium, if any, and interest due on such Pooled Bonds;

**WHEREAS**, the Board of Visitors (the “Board”) of OLD DOMINION UNIVERSITY (the “Institution”) from time to time desires to finance or refinance Capital Projects for the Institution as a Participating Institution under the Program, and now proposes that the Institution issue its promissory note or notes (collectively, the “Note”) to be sold to the Authority in accordance with a loan agreement or loan agreements between the Institution and the Authority (collectively, the “Loan Agreement”), under which proceeds of Pooled Bonds will be loaned to and received by the Institution in exchange for the Note, to finance or refinance costs of the following Capital Projects authorized for bond financing by the General Assembly: the STUDENT HEALTH AND WELLNESS ADDITION (Project Code 221-18407) (collectively, the “Project”); and

**WHEREAS** the Board desires to designate certain Institution officers (i) delegated the authority to approve the forms of and to execute and deliver the Loan Agreement, the Note and any amendments thereto, and any other documents necessary or desirable in connection with financing or refinancing costs of the Project through and participation in the Program; and (ii) responsible for monitoring post-issuance compliance with covenants of the Institution related to maintaining any federal tax-exempt status of interest on Pooled Bonds.

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD:**

**Section 1.** The Project is hereby designated to be undertaken and financed or refinanced by the Authority and, accordingly, the *President and the Vice President for Administration and Finance* (the “Authorized Officers”) are each hereby delegated and invested with full power and authority to approve the forms of the Loan Agreement, the Note and any amendments thereto (in connection with any refunding of Pooled Bonds financing or refinancing the Project or otherwise), and any pledge to the payment of the Note and any amendment thereto of total gross university sponsored overhead, unrestricted endowment income, tuition and fees, indirect cost recoveries, auxiliary enterprise revenues, general and nongeneral fund appropriations and other revenues not required by law or previous binding contract to be devoted to some other purpose, restricted by a gift instrument for another purpose or excluded from such pledge as provided in the Loan Agreement, subject to the provisions of Section 3 hereof.

**Section 2.** Subject to the provisions of Section 3 hereof, the Authorized Officers are each hereby delegated and invested with full power and authority to execute, deliver and issue, on behalf of the Institution, (a) the Loan Agreement, the Note and any amendments thereto (in connection with any refunding of Pooled Bonds financing or refinancing the Project or otherwise), with approval of such documents in accordance with Section 1 hereof evidenced conclusively by the execution and delivery of the respective document, and (b) any other documents, instruments or certificates as may be deemed necessary or desirable to finance or refinance costs of the Project through and participate in the Program, and to further carry out the purposes and intent of this resolution. The Authorized Officers are authorized and directed to take such steps and deliver such certificates in connection with delivery of the Note, and any amendment thereto, as may be required under any existing obligations, including bond resolutions relating to any outstanding general revenue pledge bonds, and to notify Virginia Department of Treasury representatives serving as Authority staff at least 60 days in advance of a pledge of any amounts pledged to the payment of the Note in accordance with Section 1 hereof to, or as security for, the payment of any other Institution obligations issued or entered into after the date hereof for so long as the Note and any amendments thereto remain outstanding.

**Section 3.** The authorizations given above as to the approval, execution, delivery and issuance of the Loan Agreement, the Note and any amendments thereto (in connection with any refunding of Pooled Bonds financing or refinancing the Project or otherwise) are subject to the following parameters: (a) the principal amount to be paid under the Note allocable to any component of the Project, together with the principal amount of any other indebtedness with respect to such component, shall not be greater than the amount authorized for such component by the General Assembly plus amounts needed to fund issuance costs, original issue discount, other financing (including without limitation refunding) expenses and any other increase permitted by law; (b) the aggregate principal amount of the Note shall in no event exceed \$4,000,000 as the same may be so increased; (c) the aggregate interest rate payable (i) under a tax-exempt Note shall not exceed a “true” or “Canadian” interest cost more than 50 basis points higher than the interest rate for “AA” rated securities with comparable maturities, as reported by Thomson Municipal Market Data (MMD) or another comparable service or index for tax-exempt yields, as of the date that the interest rates are determined, taking into account any original issue discount or premium and (ii) under a taxable Note shall not exceed a “true” or “Canadian” interest cost more than 50 basis points higher than the interest rate for “AA” rated securities with comparable maturities, as reported by MMD or another comparable service or index for taxable yields, as of the date that the interest rates are determined; (d) the weighted average maturity of the principal payments due

under the Note shall not exceed 20 years after the original issue date of the Note; (e) the last principal payment date under the Note shall not extend beyond the reasonably expected weighted economic life of the Project; and (f) subject to the foregoing, the actual amount, interest rates, principal maturities, and date of the Note shall be approved by an Authorized Officer, as evidenced by the execution thereof.

**Section 4.** The Board acknowledges that if there is a failure to make, as and when due, any payment of the principal of, premium, if any, and interest on any promissory note issued by the Institution as a Participating Institution to the Authority under the Program, including without limitation the Note and any amendments thereto, the State Comptroller is authorized under the Program and Section 23.1-1211 of the Code of Virginia of 1950, as amended, to charge against appropriations available to the Institution all future payments of principal of, premium, if any, and interest on such promissory note when due and payable and to make such payments to the Authority or its designee, so as to ensure that no future default will occur on such promissory note.

**Section 5.** The Board agrees that if the Authority determines the Institution as a Participating Institution shall be subject to continuing disclosure obligations under Rule 15c2-12 of the federal Securities and Exchange Commission with respect to any Pooled Bonds, (a) an Authorized Officer shall, and is hereby authorized and directed to, enter into a continuing disclosure undertaking in form and substance reasonably satisfactory to the Authority, and (b) the Institution will comply with the provisions and disclosure obligations contained therein.

**Section 6.** The Board designates the *Vice President for Administration and Finance* to be responsible for implementing procedures to monitor post-issuance compliance with covenants in any loan agreement between the Institution as a Participating Institution and the Authority, including the Loan Agreement and any amendments thereto, related to maintaining tax-exempt status for federal income tax purposes of interest on any Pooled Bonds, including without limitation monitoring the use of any portion of all Capital Projects for the Institution financed or refinanced with such Pooled Bonds and compliance with any applicable federal income tax remedial action requirements in connection with certain changes in such use. Such officer shall review such post-issuance compliance at least annually for so long as such Pooled Bonds remain outstanding.

**Section 7.** This resolution shall take effect immediately upon its adoption.

**WHEREAS**, The Institution has made or will make expenditures (the “Expenditures”) in connection with the Project; and

**WHEREAS**, The Institution may determine that the funds advanced and to be advanced to pay Expenditures will be reimbursed to the Institution from the proceeds of one or more obligations to be issued by or on behalf of the Institution (the “Indebtedness”).

Annual Debt Management Report

## **Annual Status Report on Debt Management**

### Annual Debt Management Report-Purpose

The Board of Visitor's approved a Debt Management Policy (BOV Policy #1640) in 2007 to ensure the proper use of debt in meeting the goals of the University's Strategic and Capital Plans. This Policy established guidelines to ensure that existing and future debt would be consistent with available financial resources and promote a strong financial position. In addition, the Policy incorporated a debt capacity measure for the ratio of annual debt service to total operating expenses that would not exceed 7%. However, the Debt Burden Ratio can exceed 7% in instances involving debt of revenue producing projects in which the debt used to finance the project is secured by income from the project's operation.

### Executive Summary

The University's Fiscal Year 2018-2019 projected debt service expenses total \$23,343,711. The debt service associated with this current debt represents a Debt Burden Ratio of 5.03% (annual debt service to total operating expenses). This debt burden ratio incorporates both the University's 9(c) and 9(d) debt and the Real Estate Foundation's debt supported by the University's master lease for facilities, such as housing, parking, bookstore, Barry Art Museum and the President's House.

The debt service costs related to the University's efforts to expand student housing, health services and athletic facilities identified in the institution's Strategic and Capital Plans will begin to increase as these projects are initiated in future years. The projected FY20 debt is estimated at \$30,885,694 with a projected Debt Burden Ratio of 6.53%.

The entirety of the University's debt consists of 9(c) and 9(d) issuances that do not utilize any Financial Instruments as defined by the Debt Management Policy. The Old Dominion University Real Estate Foundation has developed a variety of debt-supported projects which utilize Financial Instruments as approved by the Foundation's Board of Trustees. Separate project-specific debt summaries for Old Dominion University and the Old Dominion University Real Estate Foundation are attached to this fall 2019 report.

### Corporate Debt Service Schedule

The attached debt service schedule includes both 9(c) general obligation bonds and 9(d) revenue bonds used to fund current and projected capital projects related to the revenue producing projects, such as residence halls, parking garages, and dining facilities as well as non-revenue producing projects, such as Virginia Beach Higher Education Center, Ted Constant Convocation Center, athletic facilities, Student Recreation Center, and Webb Center.

### Financial Ratio Analysis

In accordance with the University's current Debt Management Policy, Old Dominion University utilizes the following ratio as a guideline for issuing new debt:

$$\text{Debt Burden Ratio} = \text{Annual Debt Service} / \text{Total Operating Expenses}$$

The University's debt burden had not exceeded 7% in recent years, however, given the significant reduction in state general funds (approximately \$36.5 million) and associated expenditures in fiscal years 2011 and 2012, the ratio had been greater than 7%. By Board Policy, the debt burden ratio may exceed 7% in instances involving debt of revenue producing projects in which the debt used to finance the project is secured by income from the project's operation, such as residence halls, parking garages, and dining facilities.

Following are the actual ratios from FY11 through FY18 and projected ratios for FY19 and FY20. These ratios are adjusted to reflect any non-amortizing or non-traditional debt structures that could result in significant single year fluctuations.

## Current & Future Debt – Strategic Plan

The University's 2014-2019 Strategic Plan recognized the importance of student success and enriching the quality of University life. The plan's objectives included implementing the campus master plan to support student success through the renovation of student space in the student union, the construction of a new dining facility, premier on-campus housing to accommodate 35 percent of the student population; and a new enrollment services and student success center to house critical student support services.

The construction of a new residence hall, Owens House, and the reconstruction of the Football Stadium at Foreman Field are underway and plan to be in operation in FY20. To minimize the financial impact on the University's credit rating, both projects are funded with a combination of cash reserves and bonds.

## Debt Management Strategy-Auxiliary Reserves

Old Dominion University is fiscally prudent in its planning for program expansion or new facilities and establishes auxiliary reserves that are available for use in the event of unforeseen circumstances, such as enrollment declines or unexpected, large scale repairs. The University's Auxiliary Reserve Plan ensures there are sufficient reserves for operating expenses, renewal and replacement of equipment and infrastructure, and major renovation, acquisition, and plant or program expansion. The following table shows the projected June 30, 2020 auxiliary reserves that are available for athletic programs and facilities, parking, residence halls, food services, and student recreational programs and facilities.

	Projected 6/30/20 Balance	Minimum Reserve	Maximum Reserve
Auxiliary Capital & General Fee Reserves	\$27,907,564	\$27,885,565	\$28,885,650

## Credit Profile

Standard and Poor's Rating Services affirmed its "A+" issuer credit rating (ICR) for Old Dominion University on May 31, 2019. The rating reflects the university's profile as strong, characterized by fairly steady enrollment, health applications and a decent retention rate. Offsetting factors include a selectivity rate that continues to weaken, low matriculation and a weak graduation rate compared with other Virginia state universities. The financial profile is

assessed as very strong with diversified revenue, increasing state appropriation, moderate debt and available resources that are in line for the rating category. Combined, these credit factors lead to an indicative stand-alone credit profile of 'a+' and a long-term rating of 'A+'.

### Financial Instrument Review

The University has only issued two categories of bonds pursuant to Section 9 of Article X of the *Constitution of Virginia*. Section 9(c) bonds are general obligation bonds issued by the Commonwealth of Virginia on behalf of the University, which are secured by the net revenues of the completed project and the full faith, credit, and taxing power of the Commonwealth of Virginia. Section 9(d) bonds are revenue bonds, which are limited obligations of the University payable exclusively from pledged general revenues and are not debt of the Commonwealth of Virginia, legally, morally, or otherwise. Pledged revenues include General Fund appropriations, tuition and fees, auxiliary enterprise revenues, and other revenues not required by law to be used for another purpose. The University issued 9(d) bonds directly through underwriters and also participates in the Public Higher Education Financing Program (Pooled Bond Program) created by the Virginia General Assembly in 1996. Through the Pooled Bond Program, the Virginia College Building Authority (VCBA) also issues 9(d) bonds and uses the proceeds to purchase debt obligations (notes) of the University and various other institutions of higher education. The University's general revenue, not otherwise obligated, also secures these notes.

The University has not utilized financial instruments in these transactions. A risk assessment for the institution's proposed source of repayment (such as, student fees, room/board charges, parking decal sales, private gifts) is approved by the Secretary of Finance based upon a Feasibility Study submitted prior to the authorization of issuance of any debt.

**PROGRESS REPORT ON CAPITAL OUTLAY PROJECTS  
(As of September, 2019)**

**PROJECTS UNDER DESIGN AND CONSTRUCTION**

**HUGO OWENS HOUSE RESIDENCE HALL**

**General Project Information:** The Master Plan approved by the University's Board of Visitors establishes the need for additional student housing. As the campus becomes more residential, it becomes necessary to add and renovate or replace older housing stock in order to keep a marketable mix of residential alternatives. Using 9C bond proceeds and Housing Fund Balance, this project will construct two new residences halls currently authorized by the Commonwealth. The first of these will be a 470 bed, 157,890 GSF, residence hall named the Hugo A. Owen's House in honor of the University's first African-American rector.

## RECONSTRUCT THE STADIUM AT FOREMAN FIELD

**General Project Information:** This \$67.5M, 312,418 GSF, 9D bond and institutionally funded project will demolish the existing 1930's era clamshell stadium (S.B. Ballard Stadium) at Foreman Field, while retaining the south end zone Gameday Building and parking garage completed in 2009, and the north end zone bleacher stands renovated at the same time. In place of the clamshell seating, the university proposes to erect new seating grandstands on the east and west sides of the stadium. As envisioned, these seating structures will have elevated concourses and the stadium will have new concession stands and code compliant toilet facilities. Press facilities and coaches' booths will be located on the top of the west seating bowl. - The new facilities were completed prior to the beginning of regular conference play in late August of 2019.

The University anticipates completion of the catering kitchen by fall 2019, and opening the other four dining venues for the Spring Semester, 2020.

## CONSTRUCT HEALTH SCIENCES BUILDING – DETAILED PLANNING

**General Project Information:** In 2017 the Commonwealth approved the proposed New Health Sciences Building for detailed planning (35% design) to establish project program and budget. Once complete, the Commonwealth will review and evaluate the budget and design for final approval and appropriation of all project costs from the General Fund. The University has provided up to \$3M of institutional monies to complete detailed planning. The Commonwealth will reimburse this amount upon final authorization and funding of the project. DEB provided the figures shown below as estimated costs for a design-to-budget for the detailed planning effort.

The proposed Health Sciences facility is a 126,000 GSF, multi-story building of standard 40 year construction, built on a pile supported slab. We anticipate that, subject to initial project design review, the new building will be constructed on the south/east end of 41<sup>st</sup> Street near Killam Avenue. The announced vision for the facility is to improve healthcare through Inter-professional collaboration. To that end, the project envisions a student centered “home base” for students with informal interactive learning areas and state of the art teaching/learning environments. It is anticipated, pending program development, that the building will house a Dental Hygiene Simulation Class Lab and Clinic, Physical Therapy clinic and teaching labs, Occupational Therapy and Athletic Training Class Labs in support of expanded graduate level programs. Rehabilitation Services will include education and clinic support of a simulation room dealing with car, bus, grocery store, and driving environments. Medical Diagnostics and Translational Sciences (MDTS) research labs and associated support space such as cell culture, freezer, microscopy and instrumentation rooms. The building will have a cadaver lab with a mobile anamotage table for teaching anatomy used by multiple programs. Activities of Daily Living Apartment for occupational and physical therapy education and clinic. Athletic Training Program will include a Hydrotherapy Area and a Fluoroscanner / Radiology Room. Research space associated with athletic training including gait and balance system which protects patients from falls while providing overhead track dynamic body-weight support as patients practice walking, balance tasks, sit-to-stand maneuvers and stairs.

## **Renovate Practice Basketball Gymnasium as a Competition Women's Volleyball Facility**

**General Project Information:** This \$3,420,000, 20,000 GSF, institutionally funded project will renovate the existing basketball practice gymnasium in the Jim Jarrett Athletic Administration Building as a competition volleyball facility. This facility is needed to support establishment of a Women's Volleyball team at Old Dominion University as part of the University's ongoing Title IX compliance efforts. Completion of the Mitchum Basketball Practice Facility in 2017 allowed both the Men's and Women's Basketball programs to relocate from the Jim Jarrett Building to Mitchum, freeing up the locker rooms, coach's offices, support space and practice gym to be used primarily for the new Volleyball program. While the project will refresh existing locker rooms, offices and support spaces, the bulk of the work is needed to make the existing practice gym a competition venue. In addition to outfitting the existing gym to support volleyball practice and competition, installing seating and toilet facilities to support over 500 spectators, the project will also include significant alterations to the building to provide code compliant paths of egress. The University's Title IX Compliance Plan anticipates hiring a coach in early 2019 and initiating competition play in the fall of 2020. Funding for this renovation will come from a Title IX Compliance Reserve Fund which the University has been building up over time in anticipation of initiating new women's sports programs.
