## Annual Status Report on Debt Management

### Annual Debt Management Report-Purpose

The Board of Visitor's approved a Debt Management Policy (BOV Policy #1640) in 2007 to ensure the proper use of debt in meeting the goals of the University's Strategic and Capital Plans. This Policy established guidelines to ensure that existing and future debt would be consistent with available financial resources and promote a strong financial position. In addition, the Policy incorporated a debt capacity measure for the ratio of annual debt service to total operating expenses that would not exceed 7%. However, the Debt Burden Ratio can exceed 7% in instances involving debt of revenue producing projects in which the debt used to finance the project is secured by income from the project's operation.

### Executive Summary

The University took advantage of the Commonwealth's 9(c) and 9(d) debt restructuring programs in 2021 and elected to defer principal payments and extend maturity dates for two fiscal years, resulting in a decline in debt burden and debt service costs in 2022 and 2023. Fiscal Year 2020-21 projected debt service expenses total \$25,365,180. The debt service associated with this current debt represents a Debt Burden Ratio of 4.91% which incorporates both the University's 9(c) and 9(d) debt and the Real Estate Foundation's debt supported by the University's master lease for facilities, such as housing, parking, bookstore, Barry Art Museum and the President's House.

The projected FY22 debt service is estimated at \$18,118,322 with a projected Debt Burden Ratio of 3.48%. The debt service costs will increase in 2024 with an associated increase in projected debt service ratio to 5.72% which remains well below the required 7.0%.

The entirety of the University's debt consists of 9(c) and 9(d) issuances that do not use any Financial Instruments as defined by the Debt Management Policy. The Old Dominion University Real Estate Foundation has developed a variety of debt-supported projects which use Financial Instruments as approved by the Foundation's Board of Trustees. Separate project-specific debt summaries for Old Dominion University and the Old Dominion University Real Estate Foundation are attached to this fall 2021 report.

### Corporate Debt Service Schedule

The attached debt service schedule includes both 9(c) general obligation bonds and 9(d) revenue bonds used to fund current and projected capital projects related to the revenue producing projects, such as residence halls, parking garages, and dining facilities as well as non-revenue producing projects, such as Ted Constant Convocation Center, athletic facilities, Student Recreation Center, and Webb Center.

### Financial Ratio Analysis

In accordance with the University's current Debt Management Policy, Old Dominion University utilizes the following ratio as a guideline for issuing new debt:

$$\text{Debt Burden Ratio} = \text{Annual Debt Service} / \text{Total Operating Expenses}$$

The University's debt burden has not exceeded 7% in the last ten fiscal years. By Board Policy, the debt burden ratio may exceed 7% in instances involving debt of revenue producing projects in which the debt used to finance the project is secured by income from the project's operation, such as residence halls, parking garages, and dining facilities.

Following are the actual ratios from FY13 through FY20 and projected ratios for FY21 and FY22. These ratios are adjusted to reflect any non-amortizing or non-traditional debt structures that could result in significant single year fluctuations.

## Current & Future Debt – Strategic Plan

The University's 2014-2019 Strategic Plan recognized the importance of student success and enriching the quality of University life. The plan's objectives included implementing the campus master plan to support student success through the renovation of student space in the student union, the construction of a new dining facility, premier on-campus housing to accommodate 35 percent of the student population.

The new Student Health Center and Student Housing Renovation projects are in early stages and are projected to be completed in FY22-FY23. To minimize the financial impact on the University's credit rating, both projects are funded with a combination of cash reserves and bonds.

## Debt Management Strategy-Auxiliary Reserves

Old Dominion University is fiscally prudent in its planning for program expansion or new facilities and establishes auxiliary reserves that are available for use in the event of unforeseen circumstances, such as enrollment declines or unexpected, large scale repairs. The University's Auxiliary Reserve Plan ensures there are sufficient reserves for operating expenses, renewal and replacement of equipment and infrastructure, and major renovation, acquisition, and plant or program expansion. The following table shows the projected June 30, 2022 auxiliary reserves that are available for athletic programs and facilities, parking, residence halls, food services, and student recreational programs and facilities.

	Projected 6/30/22 Balance	Minimum Reserve	Maximum Reserve

## Credit Profile

Standard and Poor's Rating Services affirmed its "A+" issuer credit rating (ICR) for Old Dominion University on March 18, 2021. The rating reflects the university's profile as strong, characterized by fairly steady enrollment and applications, even in light of the pandemic. Offsetting factors include a softening of selectivity, matriculation, and retention. The financial profile is assessed as very strong with diversified revenue, healthy state appropriations, moderate debt and available resources that are in line for the rating category. Combined, these

credit factors lead to an indicative stand-alone credit profile of 'a+' and a long-term rating of 'A+'.

### Financial Instrument Review

The University has only issued two categories of bonds pursuant to Section 9 of Article X of the *Constitution of Virginia*. Section 9(c) bonds are general obligation bonds issued by the Commonwealth of Virginia on behalf of the University, which are secured by the net revenues of the completed project and the full faith, credit, and taxing power of the Commonwealth of Virginia. Section 9(d) bonds are revenue bonds, which are limited obligations of the University payable exclusively from pledged general revenues and are not debt of the Commonwealth of Virginia, legally, morally, or otherwise. Pledged revenues include General Fund appropriations, tuition and fees, auxiliary enterprise revenues, and other revenues not required by law to be used for another purpose. The University issued 9(d) bonds directly through underwriters and also participates in the Public Higher Education Financing Program (Pooled Bond Program) created by the Virginia General Assembly in 1996. Through the Pooled Bond Program, the Virginia College Building Authority (VCBA) also issues 9(d) bonds and uses the proceeds to purchase debt obligations (notes) of the University and various other institutions of higher education. The University's general revenue, not otherwise obligated, also secures these notes.

The University has not utilized financial instruments in these transactions. A risk assessment for the institution's proposed source of repayment (such as, student fees, room/board charges, parking decal sales, private gifts) is approved by the Secretary of Finance based upon a Feasibility Study submitted prior to the authorization of issuance of any debt.

**PROGRESS REPORT ON CAPITAL OUTLAY PROJECTS  
(As of September, 2021)**

**PROJECTS UNDER DESIGN AND CONSTRUCTION**

**CONSTRUCT HEALTH SCIENCES BUILDING**

**General Project Information:** In 2017 the Commonwealth approved the proposed New Health Sciences Building for detailed planning (35% design) to establish project program and budget. In February of 2020 the Division of Engineering and Buildings (DEB) recommended the project to Legislation for full funding.

The proposed Health Sciences facility is a 126,000 GSF, multi-story building of standard 40 year construction, built on a pile supported slab. The building will be constructed on the southeast end of 41<sup>st</sup> Street near Killam Avenue. The vision for the facility is to improve healthcare through Inter-professional collaboration. To that end, the project has a student centered “home base” with informal interactive learning areas and state of the art teaching/learning environments. The first floor will have the Dental Hygiene Clinic and the Monarch PT clinic as well as three large classrooms which will also serve as event space for the College of Health Sciences. Rehabilitation Services will also be included on the first floor and will include education and clinic support simulation room dealing with car, bus, grocery store, and driving environments. The upper two floors of the building will have the Dental Hygiene Simulation Class Lab, Occupational Therapy, and Athletic Training Class Labs in support of expanded graduate level programs. This includes the Medical Diagnostics and Translational Sciences (MDTS) research labs and associated support space such as cell culture, freezer, microscopy, and instrumentation rooms. Also included is a cadaver lab with a mobile anamotage table for teaching anatomy used by multiple programs as well as an Activities of Daily Living Apartment for occupational and physical therapy education and clinic. The Athletic Training Program will include a Fluoroscan / Radiology Room. The associated research space will include a gait and balance system which protects patients from falls while providing overhead track dynamic body-weight support as patients practice walking, balance tasks, sit-to-stand maneuvers and stairs.
