In fiscal year 2022, the University achieved a SWAM utilization percentage of 58.7%, resulting in just over $52 million in spend with certified small, women-owned, minority-owned, and micro-businesses.

Mr. Broermann inquired about supply chain challenges for the University. Ms. Henry responded that ODU is not immune to those challenges, but they do try to navigate it and get creative to best meet the needs for campus departments, so they get the goods and services they need when they are needed. Mr. Broermann thanked Ms. Henry for her presentation and asked that she thank her team on behalf of the Board for navigating those challenges and doing so successfully.

E. Fall Opening Update – Mr. Reed and Mr. Todd Johnson, Assistant Vice President for Auxiliary Business Services, briefed the Committee on the opening performance indicators. The overview represented the annual snapshot of performance for the first week of Fall opening. The operations for Auxiliary Business Services, which include the Bookstore, Transportation and Parking, Webb University Center, Mail Center, and Campus Dining were reviewed, with an emphasis on examining pre- and post-pandemic performance. Regarding the Mail Center, previously Amazon would deliver directly to
the residence halls and other buildings on campus, but now Amazon delivers to the Mail Center and from there the items are delivered to locations on campus.

Dining Plans were discussed and noted that there are mandatory meal plans and voluntary meal plans. Ms. Allmond asked if there has been consideration to offer food service to the community, let them purchase meal plans? Mr. Johnson responded the community can come in and use cash or credit to purchase meals, but offering meal plans to the community has not been considered at this time.

The University has a strong opening and is seeing a sizable increase over Fall 2021 levels; however, has not reached the activity levels from Fall 2019.
