## MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

### Introduction

The following Management's Discussion and Analysis (MD&A) is required supplemental information under the Governmental Accounting Standards Board (GASB) reporting model. It is designed to assist readers in understanding the accompanying financial statements and provides an objective, easily readable analysis of Old Dominion University's (the University) financial activities based on currently known facts, decisions, and conditions.

### Institutional Profile

Old Dominion University began its tradition of excellence when it was founded in 1930 by the College of William and Mary, the second oldest university in the United States. Old Dominion is now comprised of six colleges: Arts and Letters, Business and Public Administration, Education, Engineering and Technology, Health Sciences and Sciences, and offers 70 baccalaureate programs, 59 master's programs, two education specialist programs and 41 doctoral programs. The University has achieved designation as a Research University (high research activity) from the Carnegie Foundation for the Advancement of Teaching.

Old Dominion's 79<sup>th</sup> anniversary in 2009 found an impressive array of cutting-edge facilities that have created a campus that's ideal for the pursuit of a diverse number of majors. Among these are the fully automated Perry Library, with more than 3.2 million items, state-of-the-art laboratories in the sciences and engineering. The campus is also home to superior facilities for clinical work in the health sciences, a modern Oceanography and Physics Building, the Gornto TELETECHNET Center and the Diehn Fine and Performing Arts Center. Recent additions include an orchid conservatory and research addition to the Oceanography and Physics Building, as well as renovations to the Technology Building and the Batten Arts and Letters Building, all of which will further provide expanded opportunities for our students in the arts, sciences, health sciences and engineering. The campus boasts a variety of indoor and outdoor sports facilities. A completely new student recreational center opened in 2009.

Further enhancing the on-campus engineering and science curricula, the University operates the Mid-Atlantic Regional Spaceport located at Wallops Island on Virginia's Eastern Shore and the wind tunnel testing facilities at NASA Langley in Hampton; has a significant presence in the Applied Research Center at the Department of Energy's Jefferson Laboratories in Newport News; continues to expand its Reidy Research Center for Bioelectrics in Norfolk and the Virginia Modeling, Analysis, and Simulation Center on the Portsmouth-Suffolk border; and owns and manages the Blackwater Ecological Preserve in Zuni.

### Overview of the Financial Statements and Financial Analysis

There are three financial statements presented: the Statement of Net Assets; the Statement of Revenues, Expenses and Changes in Net Assets; and the Statement of Cash Flows. This discussion includes an analysis of the University's financial condition and results of operations for the fiscal year ended June 30, 2009. Comparative numbers, where presented, are for the fiscal year ended June 30, 2008. Since this presentation includes highly summarized data, it should be read in conjunction with the accompanying Financial Statements, Notes to Financial Statements, and other supplementary information. University management is responsible for all of the financial information presented, including this discussion and analysis.

## Statement of Net Assets

The Statement of Net Assets presents the University's assets, liabilities, and net assets as of the end of the fiscal year. The purpose of this statement is to present to the financial statement readers a snapshot of the University's financial position at year-end. From the data presented, readers of the Statement of Net Assets are able to determine the assets available to continue the University's operations. They are also able to determine how much the University owes vendors and creditors.

	<u>2009</u>	<u>2008</u>	<u>Difference</u>	<u>Percentage Difference</u>
<u>Assets:</u>				
Current	\$ 71,267,125	\$ 83,228,161	\$ (11,961,036)	(14)%
Capital, net of accumulated depreciation	541,349,163	456,604,675	84,744,488	19 %
Other noncurrent	59,697,886	70,514,231	(10,816,345)	(15)%
Total assets	<u>672,314,174</u>	<u>610,347,067</u>	<u>61,967,107</u>	<u>10 %</u>
<u>Liabilities:</u>				
Current	72,136,276	75,234,921	(3,098,645)	(4)%
Noncurrent	294,624,049	249,300,529	45,323,520	18 %
Total liabilities	<u>366,760,325</u>	<u>324,535,450</u>	<u>42,224,875</u>	<u>13 %</u>
<u>Net Assets:</u>				
Invested in capital assets, net of related debt	245,588,595	218,093,556	27,495,039	13 %
Restricted	31,138,017	31,520,275	(382,258)	(1)%
Unrestricted	28,827,237	36,197,786	(7,370,549)	(20)%
Total net assets	<u>\$ 305,553,849</u>	<u>\$ 285,811,617</u>	<u>\$ 19,742,232</u>	<u>7 %</u>

Total University assets increased \$61,967,107 or 10% during fiscal year 2009. The growth in assets was primarily the result of an increase in capital assets. The rise in capital assets of \$84,744,488 was due to the capitalization of construction in progress for new and continued projects. Buildings increased due to the completion of the newly renovated Health and Physical Education building, second phase on Student Quad Housing and the Powhatan Sports Center. This was offset by a decrease in monies due from the Commonwealth for reimbursements for bond funds and less cash equivalents associated with the State Non Arbitrage Program. Total University liabilities increased \$42,224,875. The rise in liabilities was a result of additional debt for related capital improvements.

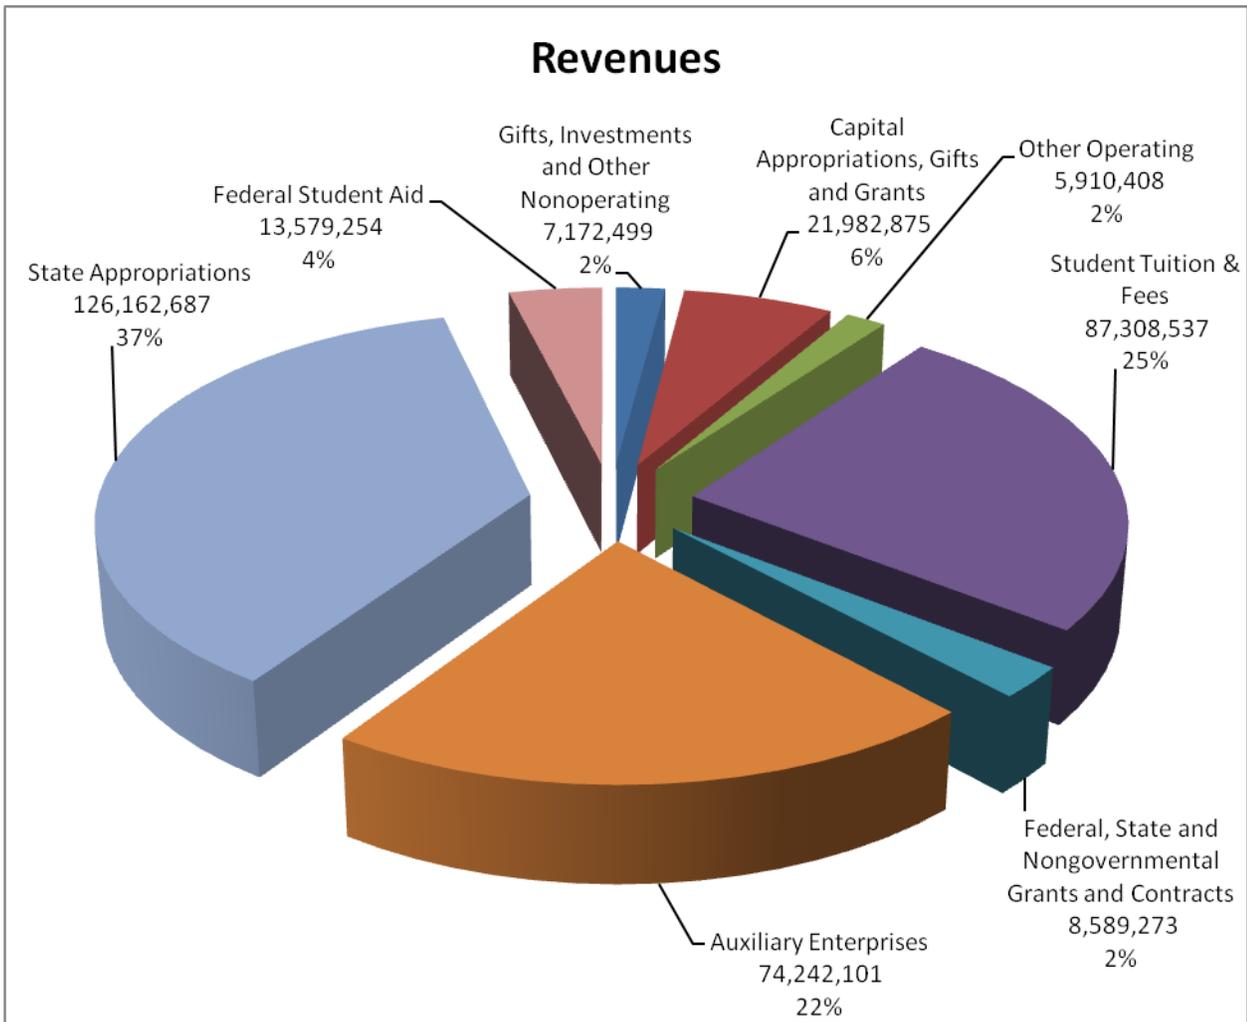

## Statement of Revenues, Expenses and Changes in Net Assets

The Statement of Revenues, Expenses and Changes in Net Assets presents a summary of revenue and expense activity which resulted in the change from beginning to ending net assets. The purpose of this statement is to present the University's operating and nonoperating revenues recognized and expenses incurred and any other revenues, expenses, gains, and losses.

Generally, operating revenues are received for providing goods and services to students and other constituencies of the institution. Operating expenses are those expenses incurred to acquire or produce the goods and services provided in return for the operating revenues and to carry out the University's mission. Salaries and fringe benefits for faculty and staff are the largest type of operating expense.

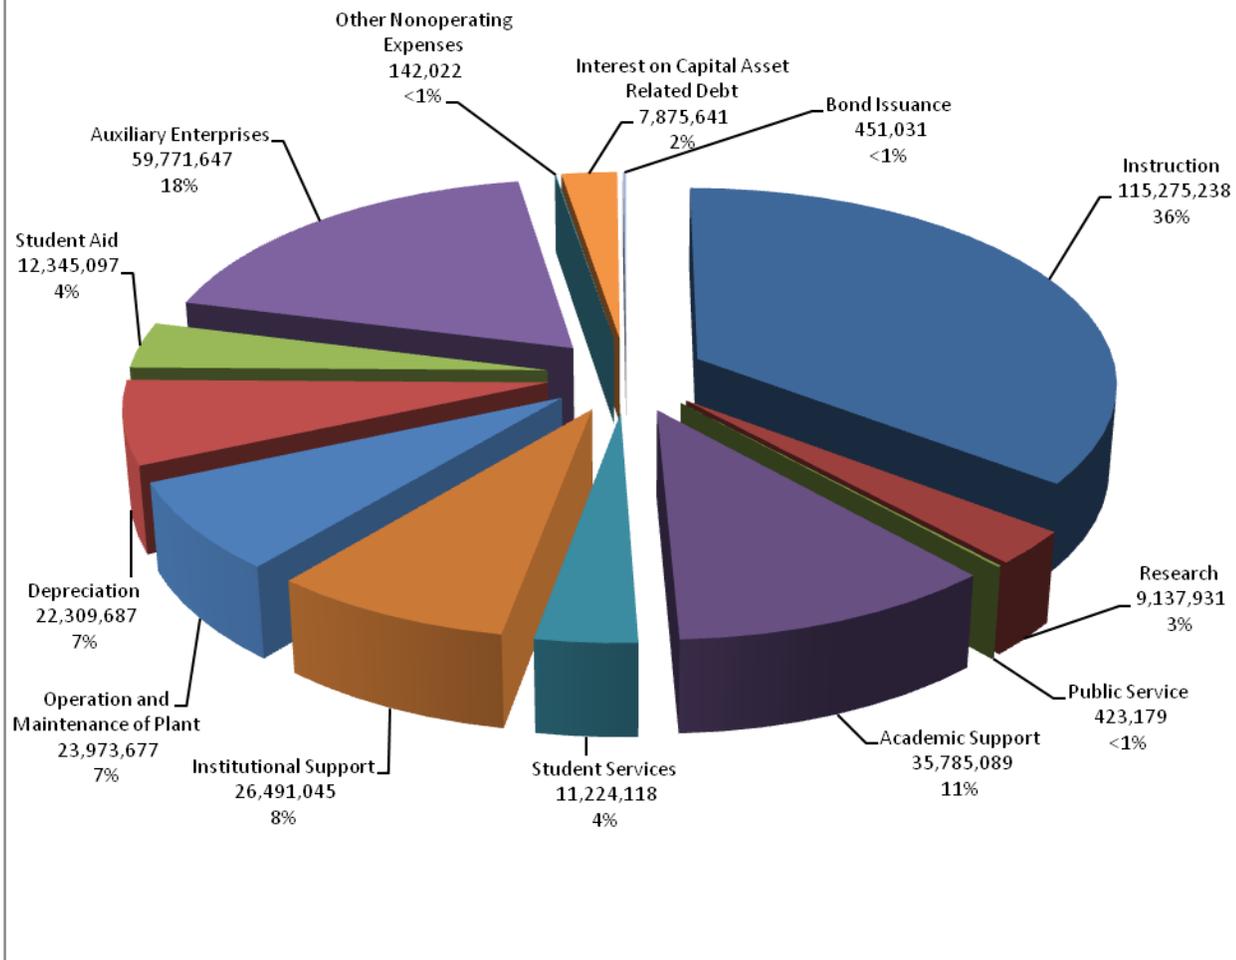

Nonoperating revenues are revenues received for which goods and services are not provided. For example, the University's state appropriations are nonoperating because they are provided by the state legislature without the legislature directly receiving commensurate goods and services for those revenues.

	2009	2008	Difference	Percentage Difference
<u>Operating revenues:</u>				
Student tuition and fees, net of scholarship allowances of \$16,176,085 and \$13,789,166	\$ 87,308,537	\$ 81,297,749	\$ 6,010,788	7 %
Federal grants and contracts	5,534,030	5,233,186	300,844	6 %
State, local & nongovernmental grants	3,055,243	5,182,607	(2,127,364)	(41)%
Auxiliary enterprises, net of scholarship allowances of \$8,808,007 and \$7,900,628	74,242,101	66,428,822	7,813,279	12 %
Other operating revenues	5,910,408	5,769,975	140,433	2 %
Total operating revenues	<u>176,050,319</u>	<u>163,912,339</u>	<u>12,137,980</u>	<u>7 %</u>
<u>Operating expenses:</u>				
Instruction	115,275,238	116,591,319	(1,316,081)	(1)%
Research	9,137,931	10,103,921	(965,990)	(10)%

Auxiliary activities	59,771,647	49,138,982	10,632,665	22 %
Total operating expenses	<u>316,736,708</u>	<u>299,511,086</u>	<u>17,225,622</u>	<u>6 %</u>
Operating loss	<u>(140,686,389)</u>	<u>(135,598,747)</u>	<u>(5,087,642)</u>	<u>4 %</u>
Net nonoperating revenues and expenses	<u>138,896,777</u>	<u>144,210,492</u>	<u>(5,313,715)</u>	<u>(4)%</u>
Income before other revenues/ (expenses)/gains/(losses)	<u>(1,789,612)</u>	<u>8,611,745</u>	<u>(10,401,357)</u>	<u>(121)%</u>
Net other revenues and expenses	<u>21,531,844</u>	<u>27,963,897</u>	<u>(6,432,053)</u>	<u>(23)%</u>
Increase in net assets	<u>19,742,232</u>	<u>36,575,642</u>	<u>(16,833,410)</u>	<u>(46)%</u>
Net assets - beginning of year	<u>285,811,617</u>	<u>249,235,975</u>	<u>36,575,642</u>	<u>15 %</u>
Net assets - end of year	<u>\$ 305,553,849</u>	<u>\$ 285,811,617</u>	<u>\$ 19,742,232</u>	<u>7 %</u>

Total operating revenue increased by \$12,137,980 or 7% from the prior fiscal year. The growth in revenue was expected given the rise in both in state and out of state tuition rates. An increase in auxiliary enterprise revenue was the result of increases in fees for housing and dining services as well as the opening of a new dormitory. The decline in nonoperating revenue by \$4,518,144 was primarily due to the decrease in appropriation revenue and a drop in investment income related to market conditions. Other revenues decreased since there was no additional capital appropriations received in the current year and the prior year capital funding was converted to debt funding.

## Expenses

Operating expenses increased in response to various factors including an overall increase in revenues for auxiliary enterprises as a result of new facilities, including a new dormitory and student recreation center, and the addition of new student programs for parking services. In addition, there was a rise in fuel and utility costs. Student financial assistance expenses increased as a result of additional funding. There was an expected growth in depreciation expenses due to completion of several capital projects. Nonoperating expenses increased due to an increase in interest expense related to issuance of new capital debt. As reflected, other expenses included bond issuance cost associated with the issuance of new debt.

### Statement of Cash Flows

The Statement of Cash Flows provides relevant information that aids in the assessment of the University's ability to generate cash to meet present and future obligations and detailed information reflecting the University's sources and uses of cash during the fiscal year. The statement is divided into five sections. The first section deals with operating cash flows and reflects the sources and uses to support the essential mission of the University. The primary sources are tuition and fees (\$98.7 million) and auxiliary enterprises (\$82.0 million). The primary uses are payments to employees, including salaries, wages, and fringe benefits (\$186.0 million), and payments to vendors (\$71.1 million).

The second section reflects the cash flow from non-capital financing activities and reflects nonoperating sources and uses of cash. The primary sources are state appropriations (\$126.1 million) and gifts and grants (\$22.3 million). The primary use is to support cash requirements of operations.

The third section represents cash flows from capital financing activities and details the activities related with the acquisition and construction of capital assets including related debt payments. The primary source is proceeds from issuance of bonds and investment income (\$73.0 million). The primary uses are purchases of capital assets (\$128.1 million) and principal paid on capital debt (\$12.2 million).

The fourth section deals with cash flows from investing activities and includes interest on investments and sale of investments. The primary source was from the sale and maturity of investments (\$4.3 million). The last section which is not included below reconciles the net cash used by operating activities to the operating loss reflected on the Statement of Revenues, Expenses and Changes in Net Assets.

	<u>2009</u>	<u>2008</u>
Cash flows from operating activities	\$ (118,369,342)	\$ (116,860,383)
Cash flows from non-capital financing activities	148,287,881	146,545,887
Cash flows from capital financing activities	(43,793,233)	(22,631,919)
Cash flows from investing activities	<u>5,273,778</u>	<u>1,859,945</u>
Net change in cash	<u>\$ (8,600,916)</u>	<u>\$ 8,913,530</u>

#### Capital Asset and Debt Administration

The University continues to witness remarkable growth while maintaining and upgrading current structures, as well as pursuing opportunities for additional facilities. Investment to develop and renew capital assets is one of the critical factors in sustaining the high quality of the University's academic, research, and residential life functions. Overall, funds invested in capital assets reflect the ongoing campus construction as indicated in Note 5. Capital asset additions for June 30, 2009 include increases of \$104.3 million in buildings, \$8.2 million in equipment and \$4.4 million in library books. The increases to buildings relate to the completion of the Quad Student Housing (Scotland House) Phase 2, Health & Physical Education Renovation, Powhatan Sports Center, Virginia Modeling and Simulation Complex, 49<sup>th</sup> Street Parking Garage and Physical Science Renovation.

Several major ongoing capital projects were added and completed during the fiscal year which resulted in a net decrease in Construction in Progress of \$8.5 million. New additions include Virginia Modeling and Simulation Complex, Student Success Center and Baseball Stadium Renovation. Projects completed include Health and Physical Education Building, Physical Science Renovation, Powhatan Sports Complex and Quad Student Housing (Scotland House) Phase 2. Projects were financed through issuance of General Obligation and Revenue Bonds.

Financial stewardship requires effective management of resources, including the use of long-term debt to finance capital projects. The University's long-term debt increased \$49.2 million as reflected in Notes 7 and 8. The increase is primarily the net result of the issuance of General Obligation and Revenue Bonds for Housing, Athletic and parking facility projects, capital leases, and payment of existing debt.

Uncompleted construction and other related contractual commitments decreased from \$39,894,342 at June 30, 2008 to \$3,705,888 at June 30, 2009 as reflected in Note 12. These obligations are for future efforts and therefore have not been accrued as expenses or liabilities on the University's financial statements. This large decrease is primarily the result of the completion of several major projects for the Health and Physical Education Building, Physical Science Building, Quad Student Housing and 49<sup>th</sup> Street Parking Garage.

#### Economic Outlook

The Commonwealth of Virginia, like 46 other states across the nation, experienced a dramatic decrease in revenues for fiscal year 2009 and projected for 2010 and 2011. Combined budget shortfalls in 47 states are estimated to total over \$350 billion for FY2009 through FY2011 according to the *Center on Budget*

*and Policy Priorities* (May 13, 2009). Virginia's operating and capital budget development challenges have been well publicized. Extraordinary efforts and action were undertaken by the Governor and General Assembly to establish fiscal policy priorities consistent with the shifting revenue projections associated with the national economic recession. Virginia also had the unique circumstance of being the first state to adopt a new fiscal year budget when the federal stimulus package was being finalized.

All Commonwealth of Virginia state agencies and institutions of higher education experienced funding reductions over the past year with State General Fund reduction scenarios ranging from 5 to 15%. Virginia's higher education agencies collectively experienced base reductions of \$212 million in state funding. The reduction was somewhat mitigated by receiving \$126 million in federal stimulus funding. State policy, consistent with the Stimulus Legislation, largely allocates this funding to meet Educational & General budget requirements such as instruction, academic support, student services, institutional support and operations and maintenance. The Commonwealth also acknowledged the requirement to limit tuition and fee increases while investing in financial aid to ensure educational accessibility.

The Governor and General Assembly also supported continuation of the modeling and simulation initiative. The \$2.1 million will fund the continuation of 14 faculty positions, and their research and teaching endeavors to promote the substantial economic benefits that modeling and simulation growth has brought to the region.

Given the economic and funding dynamics challenging all public agencies over the past year the University decreased its E&G base budget by \$5.6 million in the fall. Consequently for FY2010, the University developed a budget plan which responds to the current fiscal environment, priority needs for our students and faculty/staff, and the strategic investment needs of the University. Old Dominion University's budget process for FY2010 was managed to maintain the revised base budget, to sustain specific budget initiatives/programs consistent with the Commonwealth's funding policy and to build a tuition and fee model which would address operating budget priorities and unavoidable costs. In addition, the University budget is consistent with the criteria set forth in the University Strategic Plan and the Code of Virginia higher education institutional performance standards as follows: access, affordability, breadth of academic programs, academic standards, student retention and timely graduation, articulation agreements and dual enrollment, economic development, research, patents and licenses, elementary and secondary education, the six-year financial plan, and financial and administrative efficiency standards.

President Broderick defined the following priorities to address these diverse needs:

- Ensure the quality of academic, teaching and research programs
- Enhance direct services for students
- Continue implementation of the 2005-2009 Strategic Plan and begin to address the emerging priorities of the upcoming plan
- Build the appropriate infrastructure support especially as it relates to accomplishing the goals of the strategic plan
- Recognize our students' financial capabilities and limitations
- Reallocate or redirect resources, where possible, to support academic priorities
- Support research centers/targeted activities
- Support educational assessment initiatives, fundraising, marketing, and student housing needs; and
- Minimize the addition of other user and service fees to students

The University is responsive to the rapidly changing higher education environment. Old Dominion University will continue to maintain its solid financial foundation and is well positioned to continue its pursuit of excellence in teaching, research and public service.

OLD DOMINION UNIVERSITY  
STATEMENT OF NET ASSETS  
As of June 30, 2009

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2009

### **NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

#### Reporting Entity

Old Dominion University (the University) is a modern comprehensive university that is part of the Commonwealth of Virginia's statewide system of public higher education. The University's Board of Visitors, appointed by the Governor, is responsible for overseeing governance of the University. A separate report is prepared for the Commonwealth which includes all agencies, higher education institutions, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority. The University is a component unit of the Commonwealth of Virginia and is included in the basic financial statements of the Commonwealth.

The University includes all entities over which the University exercises or has the ability to exercise oversight authority for financial reporting purposes. Under Governmental Accounting Standards Board (GASB) Statement 39 standards, the Old Dominion University Educational and Real Estate Foundation, the Old Dominion University Intercollegiate Foundation, and the Old Dominion Research Foundation (the Foundations) are included as component units of the University. These foundations are legally separate and tax-exempt organizations formed to promote the achievements and further the aims and purposes of the University.

The Educational and Real Estate Foundation receives, administers, and distributes gifts for the furtherance of educational activities and objectives of the University. The Intercollegiate Foundation receives, administers, and distributes gifts for the furtherance of educational and athletic activities of the University. For additional information on these two foundations, contact Foundation Offices at 4417 Monarch Way, 4<sup>th</sup> Floor, Norfolk, Virginia 23529. The Educational and Real Estate and Intercollegiate Foundations have adopted December 31 as their year-end. All amounts reflected are as of December 31, 2008. The Research Foundation coordinates and accounts for substantially all grants and contracts awarded for research at the University. For additional information contact the Research Foundation at 4111 Monarch Way, Suite 204, Norfolk, Virginia 23508.

Although the University does not control the timing or amount of receipts from the Foundations, the majority of resources, or income thereon, that the Foundations hold and invest are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundations can only be used by or for the benefit of the University, the Foundations are considered component units of the University and are discretely presented in the financial statements.

#### Basis of Presentation

The financial statements have been prepared in accordance with GASB Statement 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, and GASB Statement 35, *Basic Financial Statements and Management's Discussion and Analysis of Public College and Universities*. The financial statement presentation required by GASB Statements 34 and 35 provides a comprehensive entity-wide look at the University's financial activities.

GASB Statements 34 and 35 standards are designed to provide information that responds to the needs of three groups of primary users of the general purpose external financial reports: the citizenry, legislative and oversight bodies, and investors and creditors. Under this guidance, the University is required to include a management's discussions and analysis (MD&A), basic financial statements, and notes to the financial statements.

The Foundations are private, nonprofit organizations that report under Financial Accounting Standards Board (FASB) standards, including FASB Statement 117, *Financial Reporting for Not-for-Profit Organizations*. As

such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition and presentation features. No modifications have been made to the Foundations' financial information in the University's financial reporting entity for these differences.

### Basis of Accounting

For reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, its statements have been presented using the economic resource measurement focus and the accrual basis of accounting; whereby, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred, regardless of the timing of related cash flows. All intra-agency transactions have been eliminated.

The University's accounting policies conform with generally accepted accounting principles as prescribed by the GASB, including all applicable GASB pronouncements, as well as applicable FASB statements and interpretations, Accounting Principles Board opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The University has the option to apply all FASB pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The University has elected not to apply the FASB pronouncements issued after the applicable date.

### Cash and Cash Equivalents

In accordance with the GASB Statement 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, definition, cash and cash equivalents consist of cash on hand, money market funds, and temporary highly liquid investments with an original maturity of three months or less.

### Investments

The University accounts for its investments that are purchased at fair value. Investments received by gift are carried at fair value at date of acquisition in accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. All investment income, including changes in the fair value of investments (unrealized gains and losses), is reported as nonoperating revenue in the Statement of Revenues, Expenses and Changes in Net Assets.

### Receivables

Receivables consist of tuition and fee charges to students and auxiliary enterprises' sales and services. Receivables also include amounts due from the federal, state, and local governments or private sources in connection with reimbursement of allowable expenditures made pursuant to grants and contracts. Receivables are recorded net of estimated uncollectible amounts.

### Prepaid Expenses

The University capitalized a specialized simulation system; communication, computer, and network equipment; periodical subscriptions; membership dues; and conference registrations for fiscal year 2010 that were paid in advance as of June 30, 2009.

### Inventories

Inventories are valued at the lower of cost (generally determined on the first-in, first-out method) or market, and consist primarily of expendable supplies held for consumption.

### Noncurrent Cash and Investments

Cash and investments that are externally restricted to make debt service payments, reserve funds, or purchase or construct capital and other noncurrent assets, are classified as noncurrent assets in the Statement of Net Assets.

## Capital Assets

Capital assets include land, buildings and other improvements, library materials, equipment, and infrastructure assets such as campus lighting. Capital assets are generally defined by the University as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of two years, including assets acquired under the Higher Education Trust Fund. Such assets are recorded at actual cost or estimated historical cost if purchased or constructed. Library materials are valued using purchase price for library acquisitions. Donated capital assets are recorded at the estimated fair market value at the date of donation. Expenses for major capital assets and improvements (construction in progress) are capitalized as projects are constructed. Interest expense of \$3,973,365 relating to construction is capitalized net of interest income earned on resources set aside for this purpose for the year ended June 30, 2009. The costs of normal maintenance and repairs that do not add to an asset's value or materially extend its useful life are not capitalized. Certain maintenance and replacement reserves have been established to fund costs relating to residences and other auxiliary activities.

Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. Useful lives by asset categories are listed below:

Buildings	5-50 years
Other improvements and infrastructure	7-30 years
Equipment	2-25 years
Library materials	5 years

## Accrued Compensated Absences

Accrued leave reflected in the accompanying financial statements represents the amount of annual, sick, and compensatory leave earned but not taken as of June 30, 2009. The amount reflects all earned vacation leave, sick, and compensatory leave payable under the Commonwealth of Virginia's sick leave pay-out policy and the University's faculty administrators' leave pay-out policy upon employment termination. The applicable share of employer related taxes payable on the eventual termination payments is also included.

## Deferred Revenue

Deferred revenue primarily includes amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year, but related to the period after June 30, 2009 and certain grants that have received advance funding but have not met their restriction prior to year end.

## Noncurrent Liabilities

Noncurrent liabilities include principal amounts of bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year as well as estimated amounts for accrued compensated absences that will not be paid within the next fiscal year.

## Discounts, Premiums, and Bond Issuance Costs

Bonds payable on the Statement of Net Assets are reported net of related discounts and premiums, which are expensed over the life of the bond. Similarly, bond issuance costs are reported as a noncurrent asset that is amortized over the life of the bond on a straight-line basis.

## Net Assets

GASB Statement 34 requires that the Statement of Net Assets report the differences between assets and liabilities as net assets rather than fund balance. Accordingly, the University's net assets are classified as follows:

**Invested in Capital Assets, Net of Related Debt** consists of total investments in capital assets, net accumulated depreciation and outstanding debt obligations.

**Restricted Net Assets Nonexpendable** includes endowment and similar type assets whose use is limited by donors or other outside sources and as a condition of the gift, the principal is to be maintained in perpetuity.

**Restricted Net Assets Expendable** represents funds that have been received for specific purposes and the University is legally or contractually obligated to spend the resources in accordance with restrictions imposed by external parties.

**Unrestricted Net Assets** represents resources derived from student tuition and fees, state appropriations, unrestricted gifts, interest income, and sales and services of educational departments and auxiliary enterprises.

#### Classification of Revenues and Expenses

Operating revenues include activities that have the characteristics of exchange transactions, such as: (1) student tuition and fees, net of scholarship allowances; (2) sales and services of auxiliary enterprises, net of scholarship allowances; and (3) federal, state, and nongovernmental grants and contracts.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and other revenue sources that are defined as nonoperating revenues by GASB Statement 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement 34, such as state appropriations and investment and interest income.

Nonoperating expenses primarily include interest on debt related to the purchase of capital assets and losses on the disposal of capital assets. All other expenses are classified as operating expenses.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense toward restricted resources and then toward unrestricted. Restricted funds remain classified as such until restrictions have been satisfied.

#### Scholarship Allowances

Student tuition and fee revenues and certain other revenues from charges to students are reported net of scholarship allowances in the Statements of Revenue, Expenses, and Changes in Net Assets. Scholarship allowances are the differences between the actual charge for goods and services provided by the University and the amounts that are paid by students and/or third parties on the students' behalf. Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). The alternative method is a simple proportionality algorithm that computes scholarship discounts and allowances on a university-wide basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

Student financial assistance grants and other federal, state, or nongovernmental programs are recorded as either operating or nonoperating revenues in the accompanying Statement of Revenues, Expenses and Changes in Net Assets. To the extent that revenues from these programs are used to satisfy tuition, fees, and other charges, the University has recorded a scholarship allowance.

#### Federal Financial Assistance Programs

The University participates in federally funded Pell Grants, Supplemental Educational Opportunity Grants (SEOG), Federal Work-Study, Perkins Loans, Stafford Loans, and Parent Loans for Undergraduate Students (PLUS). Federal programs are audited in accordance with the Single Audit Act Amendments of 1996, the Office of Management and Budget Revised Circular A-133, *Audit of States, Local Governments and Non-Profit Organizations*, and the Compliance Supplement.

## **NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS**

---

The following information is provided with respect to the University's cash, cash equivalents, and investments as of June 30, 2009. The following risk disclosures are required by GASB Statement 40, *Deposit and Investment Risk Disclosures*:

**Custodial Credit Risk (Category 3 deposits and investments)** - The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The University is not exposed to custodial credit risk at June 30, 2009.

**Credit risk** - The risk that an issuer or other counterparty to an investment will not fulfill its obligations. GASB Statement 40 requires the disclosure of the credit quality rating on any investments subject to credit risk. The University does not have a credit rate risk policy. The University's portfolio can be characterized as having minimal exposure to credit risk as indicated by credit rating of A or better.

**Concentration of credit risk** - The risk of loss attributed to the magnitude of a government's investment in a single issuer. GASB Statement 40 requires disclosure of any issuer with more than five percent of total investments. The University does not have a concentration of credit risk policy.

**Interest rate risk** - The risk that changes in interest rates will adversely affect the fair value of an investment. GASB Statement 40 requires disclosure of maturities for any investments subject to interest rate risk. None of the University's investments are considered highly sensitive to changes in interest rates. The University does not have an interest rate risk policy. Interest rate information was organized by investment type and amount using segmented time distribution method and weighted average maturity.

**Foreign currency risk** - The risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The University has no foreign deposits but does have foreign investments for June 30, 2009. The foreign investments are traded in U.S. dollars and the risk is considered to be low. The University does not have a foreign currency risk policy.

The following information is provided with respect to the risks associated with the University's cash, cash equivalents, and investments at June 30, 2009.

### Cash and Cash Equivalents

Pursuant to Section 2.2-1800, et seq., Code of Virginia, all state funds of the University are maintained by the Treasurer of Virginia who is responsible for the collection, disbursement, custody, and investment of state funds. Cash deposits held by the University are maintained in accounts that are collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400, et seq., Code of Virginia. Cash and cash equivalents represent cash with the treasurer, cash on hand, certificates of deposit and temporary investments with original maturities of 90 days or less, and cash equivalents with the Virginia State Non-Arbitrage Program (SNAP). SNAP is an open-end management investment company registered with the Securities and Exchange Commission (SEC). Cash and cash equivalents reporting requirements are defined by GASB Statement 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting*.

### Deposits

At June 30, 2009, the carrying value of the University's deposit with banks was \$32,516,949 and bank balance was \$8,316,668. The carrying value of deposits differs from the bank balance because of reconciling items such as deposits in transit and outstanding checks. Deposits with banks are covered by Federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act. Under the Act, banks holding deposits in excess of the amounts insured by FDIC must pledge collateral in the amount of 50% excess deposits to a collateral pool in the name of the State Treasury Board. At June 30, 2009, the University's deposits were not exposed to custodial credit risk.

### Investments

The investment policy of the University is established by the Board of Visitors and monitored by the Board's Administration and Finance Committee. Authorized investments are set forth in the Investment of Public Funds Act, Section 2.2-4500 through 2.2-4516, et seq., Code of Virginia. Authorized investments include: US Treasury and agency securities, municipal securities, corporate debt securities of domestic corporations, agency mortgage-backed securities, negotiable certificates of deposit, repurchase agreements, common and preferred equities, equity in land, and mutual and money market funds.

Investments fall into two groups: short and long-term. Short-term investments have an original maturity of over 90 days but less than or equal to one year. Long-term investments have an original maturity greater than one year.

### Security Lending Transactions

The University participates in the State Treasury's securities lending program. Collateral held for security lending transactions of \$9,034,288 represents the University's allocated share of cash collateral received and reinvested and securities received by the State Treasury securities lending program. Information related to the credit risk of these investments and the State Treasury's securities lending program is available on a statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report (CAFR).

The Commonwealth's policy is to record unrealized gains and losses in the General Fund in the Commonwealth's basic financial statements. When gains or losses are realized, the actual gains and losses are recorded by the affected agencies.

**NOTE 3: DONOR RESTRICTED ENDOWMENT**

---

Investments of the University's endowment funds are pooled and consist primarily of gifts and bequests, the use of which is restricted by donor imposed limitations.

The Uniform Management of Institutional Funds Act, Code of Virginia Section 55-268.1 et. seq., permits the spending policy adopted by the Board of Visitors to appropriate an amount of realized and unrealized endowment appreciation as the Board determines to be prudent. In determining the amount of appreciation to appropriate, the Board is required by the Act to consider such factors as long-term and short-term needs of the institution, present and anticipated financial requirements, expected total return on investments, price level trends, and general economic conditions. The amount available for spending is determined by applying a predetermined rate to the twelve-quarter moving average of the market value of each endowment for the period ending on the previous September 30. For fiscal year 2009, the payout percentage was 4 ½ percent. The payout percentage is reviewed and adjusted annually as deemed prudent.

At June 30, 2009, net appreciation of \$250,022 is available to be spent, which is reported in the Statement of Net Assets as Restricted for Expendable Scholarship and Fellowships.

**NOTE 4: ACCOUNTS RECEIVABLE**

---

A. Accounts receivable consisted of the following at June 30, 2009:

Student tuition and fees	\$ 5,909,978
Auxiliary enterprises	1,176,579
Federal, state, and nongovernmental grants and contracts	2,270,701
Other activities	2,317,133
Gross receivables	<u>11,674,391</u>
Less allowance for doubtful accounts	1,037,451
Net accounts receivable	<u><u>\$ 10,636,940</u></u>

B. Due from the Commonwealth consisted of the following at June 30, 2009:

Interest/rebate allocation	\$ 1,199,821
Equipment trust fund reimbursement	3,323,149
Virginia College Building Authority 21 <sup>st</sup> Century Bonds	438,975
General Obligation Bonds	10,486
Total Due from Commonwealth of Virginia	<u><u>\$ 4,972,431</u></u>

**NOTE 5: CAPITAL ASSETS**

A summary of changes in the various capital asset categories for the year ending June 30, 2009 is presented as follows:

	Beginning Balance	Additions	Reductions	Ending Balance
<b>Nondepreciable capital assets:</b>				
Land	\$ 28,601,994	\$ 2,331,408	\$ 1,077,541	\$ 29,855,861

**NOTE 6: ACCOUNTS PAYABLE AND ACCRUED EXPENSES**

Accounts payable and accrued expenses consisted of the following at June 30, 2009:

Employee salaries, wages, and fringe benefits payable	\$ 14,900,183
Retainage payable	2,239,785
Vendors and suppliers accounts payable	14,897,622
Current liabilities - accounts payable and accrued expenses	<u>\$ 32,037,590</u>

## NOTE 7: NONCURRENT LIABILITIES

The University's noncurrent liabilities consist of long-term debt (further described in Note 8) and other noncurrent liabilities. A summary of changes in noncurrent liabilities for the year ending June 30, 2009 is presented as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
Long-term debt:					
General obligations bonds	\$ 35,421,902	\$ 41,687,919	\$ 3,948,150	\$ 73,161,671	\$ 4,093,340
Revenue bonds	125,310,569	35,254,888	5,818,732	154,746,725	6,820,000
Installment purchases	2,243,628	931,924	200,590	2,974,962	266,621
Capital leases	92,928,551	-	18,699,676	74,228,875	2,504,040
Total long-term debt	<u>255,904,650</u>	<u>77,874,731</u>	<u>28,667,148</u>	<u>305,112,233</u>	<u>13,684,001</u>
Accrued compensated absences	6,677,149	6,014,737	5,649,653	7,042,233	4,772,322
Federal loan program contributions	600,491	-	510,016	90,475	-
Faculty early retirement plan	1,972,131	-	1,136,700	835,431	-
Total long-term liabilities	<u>\$ 265,154,421</u>	<u>\$ 83,889,468</u>	<u>\$ 35,963,517</u>	<u>\$ 313,080,372</u>	<u>\$ 18,456,323</u>

## NOTE 8: LONG-TERM DEBT

The University has issued two categories of bonds pursuant to Section 9 of Article X of the *Constitution of Virginia*. Section 9(c) bonds are general obligation bonds issued by the Commonwealth of Virginia on behalf of the University which are secured by the net revenues of the completed project and the full faith, credit, and taxing power of the Commonwealth of Virginia. Section 9(d) bonds are revenue bonds, which are limited obligations of the University payable exclusively from pledged general revenues and are not debt of the Commonwealth of Virginia, legally, morally, or otherwise. Pledged General Fund revenues include General Fund appropriations, tuition and fees, auxiliary enterprise revenues, and other revenues not required by law to be used for another purpose. The University issued 9(d) bonds directly through underwriters and also participates in the Public Higher Education Financing Program (Pooled Bond Program) created by the Virginia General Assembly in 1996. Through the Pooled Bond Program, the Virginia College Building Authority (VCBA) also issues 9(d) bonds and uses the proceeds to purchase debt obligations (notes) of the University and various other institutions of higher education. The University's general revenue, not otherwise obligated, also secures these notes.

Description	Interest Rates	Maturity	2009
<b>General obligation bonds:</b>

Total	<u>\$ 297,908,534</u>	<u>\$ 143,584,834</u>

A. Equipment Trust Fund Program

The Equipment Trust Fund (ETF) program was established to provide state-supported institutions of higher education bond proceeds for financing the acquisition and replacement of instructional and research equipment. The Virginia College Building Authority (VCBA) manages the program. The VCBA issues bonds and uses the proceeds to reimburse the University and other institutions of higher education for equipment purchased. Financing agreements for ETF state that the University now owns the equipment from the date of purchase.

The Statement of Net Assets line “Due from the Commonwealth” includes \$3,323,149 for equipment purchased by the University that was not reimbursed by the VCBA at year-end.

B. Defeasance of Debt

The Commonwealth of Virginia, on behalf of the University, issued bonds in previous and current fiscal years for which the proceeds were deposited into an irrevocable trust with an escrow agent to provide for all future debt service on the refunded bonds. Accordingly, the trust account assets and the related liability for the defeased bonds are not reflected in the University’s financial statements. At June 30, 2009, \$15,235,000 of the defeased bonds was outstanding.

C. Assets Purchased Under Capital Leases

At June 30, 2009, assets purchased under capital leases were included in depreciable capital assets in the amount of \$75,049,719. The assets are net of accumulated depreciation.

## NOTE 9: EXPENSES BY NATURAL CLASSIFICATIONS

The following table shows a classification of expenses both by function as listed in the Statement of Revenues, Expenses and Changes in Net Assets and by natural classification which is the basis for amounts shown in the Statement of Cash Flows.

	Salaries, Wages, and Fringe Benefits	Non-Personal Services/ Supplies	Scholarships and Fellowships	Plant and Equipment	Depreciation	Total
Instruction	\$ 102,679,095	\$ 9,698,056	\$ -	\$ 2,898,087	\$ -	\$ 115,275,238

<b>Total</b>	<b>\$ 190,553,681</b>	<b>\$ 71,796,627</b>	<b>\$ 16,377,647</b>	<b>\$ 15,699,066</b>	<b>\$ 22,309,687</b>	<b>\$ 316,736,708</b>

## NOTE 10: STATE APPROPRIATIONS

The University receives state appropriations from the General Fund of the Commonwealth. The Appropriation Act specifies that such unexpended appropriations shall revert, as specifically provided by the General Assembly, at the end of the biennium. For years ending at the middle of a biennium, unexpended appropriations that have not been approved for reappropriation in the next year by the Governor become part of the General Fund of the Commonwealth and are, therefore, no longer available to the University for disbursements.

The following is a summary of state appropriations received by the University, including all supplemental appropriations and reversions:

Original legislative appropriation per Chapter 879:	
Educational and general programs	\$ 109,917,966
Student financial assistance/grants	14,776,582
Supplemental adjustments:	
Central fund appropriation transfer	(582,559)
Eminent scholars	274,055
Grants	999,190
Tuition incentive	2,471,768
VSDP rate adjustment	(80,646)
Virginia Coastal Energy Research	1,600,000
E & G budget reversion	(5,645,898)
Virginia Institute of Modeling & Simulation Center	3,000,000
Adjusted appropriations	<u>\$ 126,730,458</u>

## NOTE 11: COMPONENT UNIT FINANCIAL INFORMATION

The University's component units are presented in the aggregate on the face of the financial statements. Below is a condensed summary of each foundation and the corresponding footnotes. The University has three component units - Old Dominion University Intercollegiate Foundation, Old Dominion University Educational and Real Estate Foundation, and the Old Dominion University Research Foundation. These organizations are separately incorporated entities and other auditors examine the related financial statements.

Thereafter	<u>68,778,671</u>
Total	<u>\$ 81,549,030</u>

## **Other Significant Transactions with Old Dominion University**

The University has entered into various Deed of Lease Agreements with Old Dominion University Real Estate Foundation. Under the agreements as of June 30, 2009, the University will repay \$73,162,023. At the expiration of the lease terms, the Old Dominion University Real Estate Foundation shall transfer the projects to the University. As such, the University has recorded capital leases relating to these lease agreements.

Direct payments to the University from the Old Dominion University Educational Foundation, Old Dominion University Intercollegiate Foundation, and the Old Dominion University Research Foundation for the year ended June 30, 2009 totaled \$9,856,213, \$1,543,190, and \$2,771,589 respectively. This includes gift transfer, payments for facilities, and services.

## **Component Unit Subsequent Event**

In April 2009, the Intercollegiate Foundation made a disbursement to a member of the athletic staff under an existing deferred compensation arrangement in which all conditions of the mutual agreement have been met. The amount of the deferred compensation paid was approximately \$390,000.

The Educational Foundation Board has authorized a transfer of up to \$800,000 to assist the Real Estate Foundation in the development of the University Village. The transfer of funds was made in the amount of \$400,000 in 2008 and 2009. In consideration of the approved grant of funds, the Educational Foundation is being provided space and furnishings in the University Bookstore without further charge.

In February 2009, the Real Estate Foundation obtained a \$3,000,000 line of credit for the purpose of acquiring property. The interest rate is equal to 1-month LIBOR plus 1.75% and the line expires in February 2010.

In 2009, the Real Estate Foundation restructured the deal with the developer to lease land owned by the Foundation for the purpose of constructing a private student housing facility. \$3,633,818 will be received upfront by the Foundation and a ground lease agreement was entered into as well.

## NOTE 12: COMMITMENTS

---

At June 30, 2009, the University was a party to construction and other contracts totaling approximately \$109,640,511 of which \$105,934,623 has been incurred.

The University is committed under various operating leases for equipment and space. In general, the equipment leases are for a two-year term and the space leases are for varying terms with appropriate renewal options for each type of lease. In most cases, the University expects that in the normal course of business, similar leases will replace these leases. Rental expense was approximately \$4,838,744 for the year ended June 30, 2009.

The University has, as of June 30, 2009, the following future minimum rental payments due under the above leases:

<u>Year Ending June 30</u>	<u>Operating Lease Obligation</u>
2010	\$ 2,743,880
2011	2,749,312
2012	2,799,244
2013	2,813,121
2014	2,743,656
2015-2019	13,285,871
2020-2024	1,271,109
Total	<u>\$ 28,406,193</u>

## NOTE 13: RETIREMENT PLANS

---

A. Virginia Retirement System

Employees of the University are employees of the Commonwealth of Virginia and therefore participate in the Commonwealth's defined benefit retirement plan administered by the Virginia Retirement System (VRS). VRS is a multiple-employer public employee retirement system that acts as a common investment and administrative agency for the Commonwealth of Virginia and its political subdivisions.

The VRS does not measure assets and pension benefit obligations separately for individual state institutions. Information related to the plan is available at the statewide level only and can be found in the Commonwealth of Virginia's *Comprehensive Annual Financial Report (CAFR)*. The Commonwealth, not the University, has the overall responsibility for contributions to this plan. The CAFR provides disclosure of the Commonwealth's unfunded pension benefit obligation at June 30, 2009. The same report contains historical trend information showing VRS's progress in accumulating sufficient assets to pay benefits when due.

The University's expenses include the amount assessed by the Commonwealth for contributions to VRS, which totaled approximately \$7,342,420 for the year ended June 30, 2009. The retirement contribution rate was 11.23% for state employees and 19.23% for Virginia Law Officers' Retirement System (VaLORS) for fiscal year 2009. Contributions to VRS were calculated using the base salary amount of approximately \$63,888,190 for the year ended June 30, 2009. The University's total payroll was approximately \$152,403,614 for the fiscal year ended June 30, 2009.

B. Optional Retirement Plan

Full-time faculty and certain administrative staff are eligible to participate in other retirement plans. The two providers are TIAA/CREF Insurance Companies and Fidelity Investment Tax-Exempt Services. These are fixed contribution programs where the retirement benefits received are based upon employer contributions of 5.4 percent and employee contribution of five percent, and interest and dividends. Individual contracts issued under the plans provide for full and immediate vesting of both University and employee contributions. Total pension costs under these plans were approximately \$5,747,144 for the year ended June 30, 2009. Contributions to other retirement plans were calculated using the base salary amount of approximately \$55,260,996.

C. Deferred Compensation

Employees of the University are employees of the Commonwealth of Virginia. State employees may participate in the Commonwealth's Deferred Compensation Plan. Participating employees can contribute to the plan each pay period with the Commonwealth matching up to \$20 per pay period. The matched dollar amount can change depending on the funding available in the Commonwealth's budget. The Deferred Compensation Plan is a qualified defined contribution plan under section 401(a) of the Internal Revenue Code. The University expense for contributions under the Deferred Compensation Plan, which is an amount assessed by the Commonwealth, was \$509,849 for fiscal year 2009.

---

**NOTE 14: POST-EMPLOYMENT BENEFITS**

---

The Commonwealth participates in the VRS administered statewide group life insurance program which provides post-employment life insurance benefits to eligible retired and terminated employees. The Commonwealth also provides health care credits against the monthly health insurance premiums of its retirees who have at least 15 years of State service and participate in the State's health plan. Information related to these plans is available at the statewide level in the Commonwealth's *Comprehensive Annual Financial Report*.

---

**NOTE 15: CONTINGENCIES**

---

**Grants and Contracts**

The University has received grants for specific purposes that are subject to review and audit by the grantor agencies. Claims against these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditures of resources for allowable purposes. Any disallowance resulting from a federal audit may become a liability of the University.

In addition, the University is required to comply with the various federal regulations issued by the Office of Management and Budget. Failure to comply with certain system requirements of these regulations may result in questions concerning the allowability of related direct and indirect charges pursuant to such agreements. As of June 30, 2009, the University estimates that no material liabilities will result from such audits or questions.

**NOTE 16: RISK MANAGEMENT AND EMPLOYEE HEALTH CARE PLANS**

---

The University is exposed to various risks of loss related to torts; theft or, damage to, and destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The University participates in insurance plans maintained by the Commonwealth of Virginia. The state employee health care and worker's compensation plans are administered by the Department of Human Resource Management and the risk management insurance plans are administered by the Department of Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The University pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth's *Comprehensive Annual Financial Report*.

**NOTE 17: SUBSEQUENT EVENT**

---

The Board of Visitors approved the construction of a new residence for the University's President. In August 2009, the property was transferred to the Old Dominion University Real Estate Foundation who will construct a new house. Upon completion, the property will be leased to the University by the Foundation.

## INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the business-type activities and aggregate discretely presented component units of **Old Dominion University**, a component unit of the Commonwealth of Virginia, as of and for the year ended June 30, 2009, which collectively comprise the University's basic financial statements as listed in the table of contents. These financial statements are the responsibility of University management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the component units of the University, which are discussed in Note 1. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the component units of the University, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the component units of the University that were audited by other auditors upon whose reports we are relying were audited in accordance with auditing standards generally accepted in the United States of America, but not in accordance with Government Auditing Standards. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and discretely presented component units of the University as of June 30, 2009, and the respective changes in

financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with Government Auditing Standards, we have also issued our report dated March, 5, 2010 on our consideration of Old Dominion University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.
