**"I**m a learner. I'm always seeking information." This mindset is how Dorothy Askew, the woman at the helm of The Askew Group, LLC, landed on the website of the Institute for Innovation & Entrepreneurship's Women's Business Center at Old Dominion University.

Seeking further connections for her certified commercial and construction cleaning business, she registered as a new member and accessed the organization's bountiful offerings.

Erika Small-Sisco, WBC's Program Director, said what stood out about Askew was her audit logs showing she registered at 1 o'clock in the morning. "She is always actively networking to stay connected to opportunities," said Small-Sisco.

Askew started her business in 2007 and was experiencing comfortable success when she sought the WBC eight years later for education and networking.
