The meeting was called to order at 12:30pm.

The list of the Team assignments to begin assisting the sub-groups was reviewed and discussed. If anyone has concern with their assignment reach out to Royce Burnett or Chad Reed. Within the next two (2) weeks the sub-group meetings will be scheduled. Royce and Chad will meet with all of the sub-group chairs to let them know that three (3) members of this team will meet with each sub-group. Then the next step will be to engage with other sub-groups. It is hoped that all the sub-group meetings will be completed by this Team's next meeting.

Bruce Aird and Chad Reed finished the Finance 101 presentation from the April 28th meeting, but there was not enough time to complete it at that time.

There was much discussion regarding the need to increase and retain student enrollment.

With the completion of the presentation and discussion, the meeting was adjourned.
